## **Update on LPG Firefighter Training**

Louis-Philippe Either, ERAC Technical Advisor

ERAC, on behalf of our Plan Participants, offers more than just our LPG Firefighting Awareness Online Training to first responders and ERAC responders across Canada. We have also purchased two LPG prop trailers to provide a 2-day LPG Level 1 Mobile Operations Training course directed at first responders from coast to coast.

We are reaching out to our Plan Participants to provide sponsorship and/or donations for this invaluable training. Plan Participants can sponsor a fire department, in their province or territory of choice, for the LPG Level 1 Mobile Operations training course. The minimum sponsorship of a fire department will be \$350. ERAC Plan Participants can also donate propane, in the form of a dollar amount or product donation and delivery, for use during the LPG Level 1 Mobile Operations training.
