September 2018

Dear Crafter,

According to the March of Dimes, Congenital Heart Defects (CHDs) are the number one birth defect in America. CHDs affect an estimated 40,000 (or 1 in every 100) babies born each year in the United States. Additionally, twice as many children will die each year from CHDs than from all forms of childhood cancer *combined*, yet funding for CHD is five times *lower* due to lack of awareness. It's My Heart New England's (IMHNE) mission is to provide support, spread awareness, educate and advocate for those affected by Congenital Heart Defects by creating alliances with fellow families, local hospitals, support groups and the community.

Many of our volunteers have children or family members born with congenital heart defects. Some are even CHD survivors themselves. We are proud to know and share their stories during each of our community events, including this year's fall event!

IMHNE is proud to announce our **9<sup>th</sup> Annual It's My Heart New England Craft Fair** and Bake Sale that will take place on **Sunday, November 11, 2018** at **Breakaway** 225 Newbury St, Route 1N, Danvers, MA, from **10am to 3pm**.

We would love your support for or at this event as community participation is a key element to the success of our organization and is what will fund IMHNE programs for families affected by CHD and raise complete awareness.

Attached is a 2018 Craft Fair and Bake Sale Registration Form. Please contact IMH New England Chapter at (351) 201-1533 or e-mail [ne@itsmyheart.org](mailto:ne@itsmyheart.org) for any additional information. To learn more about CHD or IMHNE, please visit our website at [www.itsmyheartnewengland.org](http://www.itsmyheartnewengland.org).

Big hearts like yours help make our work possible.

Sincerely,

Amy Thompson  
Fundraising Committee  
Volunteer with the IMHNE
