

## SCY Quarterly Meeting

### ***Illinois Health and Human Services Transformation***

This meeting will focus on [Illinois' Health and Human Services \(HHS\) Transformation](#) initiative. This effort began in early 2015 to increase collaboration across government agencies to better meet the complex human services needs. Action-oriented small group discussions focused on children and youth, families, mental health, juvenile justice, and communities will follow a panel discussion on progress of this initiative and its implications for violence prevention.

Join SCY and partners to learn more about the Illinois HHS Transformation, discuss the role you and your agency can play, and how this initiative can address violence and promote health and well-being for all Chicagoans.
