

Letter from the Director

Greetings!

SCY remains committed to making partner feedback a priority and as a result, our bi-monthly newsletter has been transformed to a simpler, streamlined layout. We will assess various priorities within the organization and encourage our stakeholders to continue providing input by participating in the [2017 SCY Annual Survey](#).

Sincerely,

Rebecca Levin, MPH

August 30: Quarterly Meeting

The Connection Between Drugs and Violence

FEATURED ARTICLE: ILLINOIS HAS A BUDGET!

[Includes Funding for Violence Prevention](#)

After two long years without a budget, Illinois has a state budget! We still have a long way to go to address Illinois's long-term fiscal health, but this is an important step in the right direction. And it is an important step in addressing community violence. As part of the state budget, \$8,000,000 was allocated for Community-Based Violence Intervention and Prevention grants and administration through the [Illinois Criminal Justice Information Authority \(ICJIA\)](#). ICJIA released the [Notice of Funding Opportunity \(NOFO\)](#) today (application deadline August 18).

And don't forget to checkout SCY's Funding Opportunities webpage under [Projects and Resources](#) for information about this and other funding opportunities, like ICJIA's other NOFO focused on [Services to Victims of Community Violence](#) (application deadline August 10).
