Active Bystander Training

Sunday, September 17th

from 2pm – 4pm

at Congregation Sha'aray Shalom

In the current climate, hateful harassment and assaults on racial and religious minorities are becoming increasingly frequent. If you witness one, you have a choice to make. Should you do something? How do you decide?

This 2-hour workshop from Quabbin Mediation helps participants realize what it means to be an Active Bystander.

Participants review examples of harm in our communities, analyze the roles of people involved in a bystander situation, discuss the inhibitors

and promoters of active bystandership, and brainstorm on effective ways to take action.

Hosted by Congregation Sha'aray Shalom, Hingham, MA

****space is limited, RSVP with payment to guarantee spot****

The workshop is capped at 35 attendees.
