

## **R15 Post Doctoral Position Open:**

An NIH funded position is available for a highly enthusiastic postdoctoral fellow experienced in Immunology/Microbiology to join the lab of Brian Sims MD, Ph.D. at the University of Alabama at Birmingham (UAB). A strong background in HIV biochemistry and physiology. Knowledge of neurobiology is helpful because this project examines the mechanism HIV uses to enter into brain cells. Applicants should hold a Ph.D. degree, be independent and have strong laboratory and analytical skills. Excellent oral and written communication skills, ability to set goals and achieve them in a timely fashion, a commitment to excellence and a strong work ethic is essential.

Candidates should submit the following items:

1. Cover letter indicating current and future research interests and expected availability date
2. Curriculum Vitae
3. Description of past research experience and accomplishments
4. Names and contact information of three references

To apply for this position or for more information, please contact Brian Sims-  
[bsimsmd@uab.edu](mailto:bsimsmd@uab.edu).

Thanks

### **Brian Sims MD, PhD**
