2016 NAMTC LEADERSHIP SUMMIT

November 29-30, 2016
Savannah Westin Hotel • Savannah GA

BlendED on My Mind:

BUILDING QUALITY BEYOND OUR CLASSROOMS

Blended Learning, personalized learning, competency-based education, STEM/STEAM, OER and MakerSpaces are all integral parts of the educational process that administrators and teachers must focus on to ensure classroom success and college and career readiness for students. Educational Service Agencies are the perfect support system to help administrators, faculty members and students transition from the traditional classroom to an environment of anytime anyplace learning. The Leadership Summit will feature 4 speakers, breakout sessions, state initiative updates and will culminate with an Ignite session!

Join our expert keynotes **Barbara Treacy, Nancy Mangum, Marcia Kish** and **Ryan Krohn** for an in-depth two days of discussion of the latest news and research!

Registration fee: \$275 (includes two breakfasts and one luncheon)

If you are attending AESA, please register via the AESA registration site. Corporate attendees and non AESA attendees are asked to register directly with NAMTC by contacting Geoff Craven, NAMTC Executive Director, gcraven@windstream.net or 570.701.4202.
