What is UNSPSC?

The Commonwealth uses the United Nations Standard Products and Services Code (UNSPSC), similar to a commodity code, to classify goods and services. When the UNSPSC in a vendor's COMMBUYS profile matches the UNSPSC in a bid opportunity, the vendor receives an automatic email notification.

Where and how do I use UNSPSC?

1. Registration

During COMMBUYS registration, new vendors must add at least one UNSPSC to their profile on the Commodity/Service Codes tab. For TRD contracts, add the codes of the categories that match the goods and services your business provides. You may add as many codes to your profile as you like; however, doing so adds you to the notification pool of entities seeking those commodities.

2. Searching for bid opportunities

Vendors may search through all bid opportunities posted on COMMBUYS using the Contract & Bid Search link on the COMMBUYS home screen. By entering the appropriate UNSPSC, vendors may search for opportunities related to their businesses.
