The night before Jesus was crucified, Jesus celebrated the Passover Seder with His disciples. God's people had been following God's Passover command for thousands of years to remember their salvation from slavery in Egypt. That night, Jesus taught His disciples the true meaning of the Passover meal.

This family-focused Passover Seder Meal will teach children the importance of Passover at the time of Jesus' life. It will help them connect the symbols of Jesus' sacrifice on the cross in the meal and how Jesus fulfilled them in His death and resurrection for all of our sins.
