

Fantastic work, Clear Water Academy! It's been a very cold week, and you will be keeping a lot of kids at Sacred Heart School warm throughout this chilly winter, with all of the donations of winter clothing you made this week! The Grade 10 students will be delivering the items on Monday, so have them ready at your classroom doors for pick-up.

In Calgary, this is sad but true, we have many people who live out on the streets and the winter is especially difficult for them. This week I am hiding out here in a \_\_\_\_\_, to provide you all with this week's mission: to collect toiletries (tooth brushes, toothpaste, soap, lotion, etc.) for those who are homeless.

(Please do not send any liquids such as mouthwash, or sharp objects such as razors, though.) These items will be donated to the Mustard Seed Ministry, at their downtown location in Calgary.

As our journey is almost through, I'm very excited to be making my way to where I should be - right there beside the manager with the King who came for me!
