

SWANA – Ontario Chapter Training Sessions

Date: May 14- 15, 2018 SWANA Landfill Operations Basics Training

LOCATIONS: [Prince Arthur Waterfront Hotel, 17 North Cumberland Street, Thunder Bay](#)
OR
[Best Western Otonabee Inn, 84 Lansdowne Street E, Peterborough](#)

This two-day in-class training courses provides many opportunities for discussion and collaboration among participants, including instructor-led discussions and a comprehensive course exercise designed to reinforce the concepts presented.

Landfill Operations Basics

Through interactive classroom exercises, discussions, and case studies, this course reviews up-to-date basic landfill operations processes and how they relate to one another, increasing effectiveness and safety on the job. Upon completion of this course, participants should understand:

- ☐ The role of the sanitary landfill as a component of an integrated solid waste management system
- ☐ Key functions and associated processes within landfill operations
- ☐ The basics of landfill gas and leachate management and groundwater monitoring
- ☐ Essentials of equipment selection, cell construction and litter management
- ☐ The fundamentals of accident prevention

WHO SHOULD ATTEND

Landfill owners, operators, managers, supervisors/foremen, scale house operators, equipment operators, spotters, laborers and other employees responsible for daily landfill operation.

COURSE CONTENT

The course manual is *Landfill Operations Basics*. The manual details the following topics with supplemental images, graphs and examples for participants to discuss and serves as an on-the-job reference resource.

- ☐ *The Sanitary Landfill in Integrated Solid Waste Management*
- ☐ *Gate Attendant & Scale house Operations*
- ☐ *Spotting and Waste Screening*
- ☐ *Equipment Selection and Maintenance*
- ☐ *Cell Construction & Compaction*
- ☐ *Litter Control*
- ☐ *Landfill Safety*
- ☐ *Hard-to-Handle Wastes*
- ☐ *Special Wastes*
- ☐ *Nuisance and Health Issues*
- ☐ *Landfill Gas Generation and Management*
- ☐ *Leachate Production and Management*
- ☐ *Groundwater Monitoring*
