Volusia County, Fla., Hurricanes Irma & Matthew Recovery (Daytona Beach area): Hurricane Irma made landfall in Florida on Sept. 10, 2017 with record-force winds and storm surges. The storm then continued north to Georgia and South Carolina. Millions of people in Florida evacuated or moved to approved shelters before the storm hit. The storm caused extensive damage. Hurricane Matthew hit the same areas in October 2016. Hurricane Matthew passed just offshore Volusia County, Fla., on Oct. 7, 2016, and inflicted tremendous damage. Dozens of homes were destroyed and hundreds suffered major damage, with more than \$600 million in estimated losses.
