

World Wear Project Shoe Program @ CWES

November 27th – December 15th

**Do you have outgrown shoes at home? Are they still in wearable condition?
Please consider donating them to raise money for our local community!**

Cogburn Woods PTO is organizing a SHOE DRIVE as part of this year's #CogburnCares initiative. World Wear Project will **buy** our wearable shoes and we will send the money to North Fulton Community Charities.

One of the missions at World Wear Project is to distribute **wearable**, affordable shoes to third world countries while diverting millions of pounds of refuse from our landfills each year. With your help we can support this mission and generate funds for North Fulton Community Charities at the same time.

Please send **wearable** men's, women's & kid's basketball, jogging/running, tennis, court, aerobic and training shoes. We can also accept leather and leather look-alike casual and dress shoes.

Do not send: winter boots, foam flip flops, bowling shoes or any shoe with metal cleats.

*Shoes should be in wearable condition, no stains, holes or overly worn on the outside or soles. We will **not** be paid for shoes that are **not** in wearable condition, nor boots, flip flops or cleats.*

*****Torn, stained, moldy, or otherwise unwearable shoes, or shoes unable to be donated, will be discarded*****

*******To participate, just pair the shoes together with rubber bands or string and put them in the donation boxes near the cafeteria atrium between***

November 27th – December 15th****

THANK YOU!
