## **Run for the Fallen**

The 2017 New Jersey Run for the Fallen passed through Sea Isle City on September 21. Along the way, a team of active duty military members who participated in the run stopped at several "Hero Marker" locations, where they honored fellow comrades from the Garden State, who died in the line of duty. Waiting at the Hero Markers were the Gold Star families and other loved ones of the individual fallen heroes. The event's runners entered Sea Isle City via the Townsends Inlet Bridge, where the Sea Isle City Police and Fire Departments were waiting to greet them...
