FAMILY ENRICHMENT WORKSHOPS FOR THOSE LIVING WITH AUTISM

EDUCATION....ENCOURAGEMENT....EMPOWERMENT

The **One World Center for Autism** is excited to partner in supporting caregivers and family members with:

A Purposeful Journey a family wellness consulting agency
(Victoria Lawson, LMFT, CACI, MAC, founder, director and mother of two children on the autism spectrum, who is a licensed marriage and family counselor, with certifications in addictions counseling)

& Behavioral and Educational Solutions, one of the premier providers of psychological and behavioral services in the Washington Metropolitan. *(Dr. Alfred Amado, Ph.D, President, NCSP and licensed psychologist in child-clinical and school psychology and his diverse staff of professionals)*

As a community of providers, we seek to impart caregivers with meaningful information that can be easily applied to their parenting journey. A basic understanding of autism and Special Education is critical to your parenting journey. Workshops on these two topics will be offered on a recurring basis throughout the year. Additional workshops on male caregiver support and behavioral supports will also be presented!

Be a part of our community of support! We rise by lifting others!
