TURN IT
AROUND

November

My name is **Andrew Miller** and I am 16 years old. I attend Charlestown High School. I am in *Turn It Around* because it's a community based group where I take part in activities that help the community, while also making money.

Because of *Turn It Around* I was able to secure a job working part-time at the Charlestown Boys & Girls Club where I am currently employed. I plan to be an engineer in the future.
