Or you can mail the form to my attention with a check. See form for details.

***The deadline for registration is Friday, March 23.**

We will be inviting our graduating seniors from the County's nine Career Technology Education programs to attend the Expo. They will be in attendance from 9:30 to 10:30, prior to the college students and general public. It is our hope that some of these seniors will be looking for full or part-time employment, but also be able to speak with employers and discover what education/training they will need for their future careers.

We are again partnering with the **Monroe News** and they will be publishing a special insert to the Sunday newspaper prior to the Career & Opportunity Expo. This insert will list all employers and service providers who are registered to attend, as long as you are registered by the Friday, March 23 deadline. Registered employers and service providers will also have the opportunity to advertise in this insert.

This event is open to all students, alumni, community members, and graduating career technical education students. The Expo will be heavily publicized in Southeast Michigan and Northwest Ohio. Last year we had a total 218 job seekers in attendance, of which 74 were Career Technology Education students.

Please feel free to contact me with any questions at bkinsey@monroeccc.edu or (734) 384-4124. You can also visit our website at: www.monroeccc.edu/careerexpo.
