

# A SUPPORT GROUP MADE BY VETERANS FOR VETERANS™

## WE PROVIDE:

- A safe and confidential space for military veterans to come together with the goal of overall wellness.
- A comfortable, empathic and supportive environment where veterans can express their thoughts and feelings about military experiences.
- An opportunity to experience hope, caring, understanding, respect and encouragement.

This is a wonderful opportunity to meet with other veterans and help with information (such as benefits available), support and fellowship.

**ALL VETERANS ARE WELCOME.** This is an “open forum” style group.
