

Hi Janie,

Ed and I had our proposal approved by the National Show Committee this morning. I am attaching our proposal and the information from the host hotel and other hotels in the area separately.

It might help the Board to know that one of our local artists, Gwen Medlin, has offered to make the conformation trophies for reserve and higher at her cost. She is estimating her cost to be around \$1,000. Everything else should be within our proposal.

Thank you for your help and your patience!
