

Join Mike Kazmierski,
CEO of EDAWN for a walk
at Hidden Valley
Elementary School
October 15, 2016 at 9 a.m.

Why is WC-1 important?

"School infrastructure matters for economic development. We cannot expect to continue to attract or retain the talent we need when our schools have asbestos, leaking roofs, failing ventilation, and classrooms in hallways. If we expect quality companies to invest in our region, we must invest in our kids and the repair and maintenance of our schools."

save our schools
