AREAS OF FOCUS

MARKETING & ATTRACTION

Management of inbound company prospects. Research and develop a marketing plan and strategy that will create new business leads in targeted industry categories.

RETENTION, EXPANSION & WORKFORCE DEVELOPMENT

Generate quality economic impact by retaining and expanding existing “primary” employers (companies that import wealth by having the majority of their customers outside of the region) and working with partners to improve the skills of employees and potential employees in the region. Lead the outreach effort to local primary companies, identify issues they may have, as well as opportunities for growth, and work to assist the companies in the resolution of these issues or in their expansion efforts and to provide feedback from these visits to the community for business climate assessment and improvement.

ENTREPRENEURIAL DEVELOPMENT

Management of the entrepreneurial ecosystem of Northern Nevada, as well as collaboration between the University of Nevada, Reno, other higher education institutions and private industry. Work with local incubation and start-up groups to help create new companies that will ultimately grow in the region and diversify our economy. Diversify the Greater Reno-Sparks economy through entrepreneurship and engage key partners to assist in the growth of small businesses from primary business sectors.
