

WHAT WILL TOMORROW BRING?

Join DRI for a conversation on
how scientific discovery benefits
national policy, society, and Nevada.

—Honoring—

Dr. Marcia McNutt, President
National Academy of Sciences
2017 DRI Nevada Medalist

Monday, September 25, 2017

Peppermill Resort Spa Casino, Reno, NV

Wednesday, September 27, 2017

Hard Rock Hotel & Casino, Las Vegas, NV

DRI

Desert Research Institute

PROCEEDS BENEFIT THE NEW DRI INNOVATION RESEARCH PROGRAM

With a goal of raising \$1 million per year, for the next five years, to financially support the opportunity for DRI faculty, students, and technical staff to pursue their very best ideas.

Postdoctoral Scholar Fund

Recruiting the best and brightest scientists to DRI.

Early-Career Faculty Innovation Fund

Launching the faculty career of rising researchers.

Mid-Level Faculty Innovation Fund

Providing mid-level faculty the time to collaborate on new proposals and programs.

Senior Faculty Innovation Fund

Providing senior faculty the time to mentor early-career faculty to enhance their opportunity for long-term success.

Technology Development Fund

Offering opportunities for faculty and technical staff to develop the next generation of state-of-the-art instruments and new technology for research.

New Special Projects Fund

Supporting innovative new research and education projects and programs.
