DESIGNER SHOWCASE

Community Service Award Nomination

Design New England will select an IFDA member for his or her outstanding contributions to charitable and/or community service endeavors. Many of the association's members contribute time, talent, effort and/or financial support to community; non-profit and charitable causes and such undertakings often go unnoticed. We would like to bring recognition to those who do this good work as a way of both thanking them and encouraging others to follow in their footsteps.

Candidates may nominate themselves, but we encourage all members of the IFDA community to consider nominating a colleague who's charitable and community efforts are deserving of recognition. The winner may be dedicated to a single cause or many causes and the work need not be design related. The award is open to all members of IFDA New England.

To submit a nomination, complete the below form and include a 300 word (or less) typed synopsis of what your candidate has done and why you think he or she should be our Community Service Award winner.

There is no submission fee for this award.
