

Happy Valentines Day!

The Veggie Wagon

With Valentine's Day right around the corner, it's becoming time to start thinking about what to get that special someone this year. We here at the Wagon realize that "Veggie for my Valentine" doesn't have the sweetest ring to it, so we've worked hard to put together some lovely gift baskets of all shapes and sizes for all your loved ones.

Our gift baskets include everything from some of our best wines to the delicious (and local!) Cape Fear Rum cakes. We also have some baskets with the amazing Three Little Birds soaps in them. These soaps are from a Wilmington-based company and smell wonderful and feel even better on the skin. We've also included Black Mountain Chocolate from Winston-Salem, NC in some of our gifts for those of us with a sweet-tooth. To add the finishing touch to one of the larger baskets we have, we've included a brand new candle from one of our favorite companies, Ozone Layer.

So no matter what you're looking for this season of love, stop by The Veggie Wagon to check out what we have in store!
