Call for Proposals

The Central Region has a rich history of providing training and development opportunities to refine the gifts and talents of sorority members. Each year the regional conference presents members with development opportunities in leadership and also extends knowledge opportunities pertaining to our sorority operations through workshops and educational sessions. The sisterhood consists of an array of expertise and experience in its membership and seeks to utilize those gifts by providing a variety of workshops and educational sessions for members.

Our goal for Central Region is to offer courses that will assist in taking our membership planning to the next level. In order to achieve this, our members need to have opportunities where professional leadership development is available. Therefore, we are currently seeking dynamic and engaging presenters to provide innovative and interactive workshops.

NOTE: All presenters for Sigma Gamma Rho Sorority, Inc. Central Region serve on a contributing basis and are required to register for the conference. Presenters *will not be reimbursed* for lodging, travel, audio-visual equipment, or conference registration. Presenters will be required to sign a waiver authorizing the use of presentation post conference.

All tracks will be up to 45 minutes in length with a required presentation of at least 30 minutes with 15 minutes for questions and answers.

All submissions will be evaluated for previous experience, level of interactivity, and relevance to the listed topic. Each presenter should strive to present information that targets professional women, provides strategies, techniques and solutions, and entertains, informs and inspires.
