Mazon - This Is Hunger

is rolling into our community

Join us and embark on a 45-minute experience that will challenge your beliefs about who in America struggles with hunger and why, and empower you to take action. The mobile experience features a 53-foot long, 1,000 square foot double-expandable trailer. You will sit at the table and meet, virtually, real people struggling with hunger. They will tell their stories in their own words and in their own voices. You'll have various opportunities to delve more deeply into the issues and take action to support real change in the lives of those who struggle with hunger. Mazon has a long tradition of engaging American Jewish communities, as well as anti-hunger organizations, to become catalysts for the change we need to end hunger in America. Until our nation recognizes the profound prevalence of hunger here at home, how can we ever rally the political will required to end it?
