**Subject:** Traffic Calming Initiatives- palmetto bay

Hi Ed-

I wanted to send an email to clarify the removal of the stop sign on 82 avenue and 148 drive. Claudia Diaz had sent an email about a week ago stating that palmetto bay had requested a traffic analysis but this was not in regards to the stop sign itself, the request from palmetto bay was about the traffic calming initiatives like the roundabouts and speed bumps for the City. The removal of the stop sign was an analysis done by the County. The City was not involved In this initiative. Please let me know if this clarifies any concerns in regards to this subject. Thanks!
