Tree Walks at Historic Woodlawn Cemetery and Arboretum

1502 W. Central Avenue, Toledo, Ohio

Meet Near the Front Entrance

Walks Led by Amy Stone, Extension Educator, stone.91@osu.edu

The Fourth Tuesday of the Month, March – November

Spend the evenings discovering trees. With over 100 different species of trees at Woodlawn, it can be tricky to tell them apart! On the tree identification walks, participants will be focusing on the subtle but easy cues that lead directly to identifying a tree. Learn techniques on diagnosing some common (and maybe not so common) tree problems. Which ones need immediate attention and which ones are just cosmetic and won't compromise the health of the tree? Questions-contact Woodlawn Cemetery at 419-472-2186 or OSU Extension at 419-578-6783.
