Purpose of our California Chapter
The purpose of the Chapter shall be to contribute to the prevention of cardiovascular diseases, to ensure optimal quality care for the individuals with such diseases and to foster the highest professional ethical standards. In carrying out these purposes the Chapter shall function in consultation with the leadership of the College and as an advisor to local and state governmental and professional organizations concerning issues related to cardiovascular disease.

The Chapter shall, in the interests of patients, physicians, and the public in general, maintain a high level of social consciousness and involvement with socioeconomic issues which may influence access to high quality cardiovascular health care for all individuals.

The Chapter has been formed as a 501(c)(6) not-for-profit corporation under the federal and California state tax codes. The Chapter maintains an Executive Office with a full time Executive Director and support staff. The Chapter also maintains a full time lobbyist and staff in Sacramento.
