## Free Job Readiness Classes

### Job Opportunity Boot Camp (JOB-C)

JOB-C provides training on the skills you need to land the job you want. This week-long intensive workshop will cover the following:

#### Successful Job Search

**Description:** This class will provide you with the tools necessary to find employers that are hiring in the community. You'll leave knowing where to look for job openings, how to fill out an application, and other helpful tips to use during your job search!

#### Resume & Cover Letter Prep

**Description:** In this class you'll learn how to emphasize your skills and get one step closer to landing the perfect job! Our step by step instructions will help you create a resume and cover letter that will impress employers and help you get an interview.

#### Interview & Self Presentation

**Description:** The key to landing your perfect job is self-presentation and interview skills. We'll teach you how to answer difficult interview questions, dress appropriately for interviews, and the steps to take after the interview is done.

#### Job Dependability & Retention

**Description:** Do you want your work ethic to be what sets you apart from your coworkers? Learn all about proper business etiquette, how to work cohesively with others in the workplace and everything you need to know to keep your job and become the employee your supervisor notices.

### Weekly Job Readiness Workshops

#### Resume Writing

#### Interview Skills

**\*Completion of 1 employability class is required to schedule an individual job search, resume, or interviewing appointment with Learning Center staff**

## Computer Lab Services

**Mousing Around Mondays:** Brand new to computers? Not ready to sign up for a class just yet? Mousing Around is a tutorial to help you become comfortable using the primary components of a computer. A lab attendant will be available from 9:00 am – 3:00pm every Monday to help guide you.

**Job Search & Resume Assistance:** Need some guidance as you job search and/or prepare/update your resume? A lab attendant will be available every Wed-Fri 9:00 am – 12:00 pm to assist you.

## Free Computer Classes

### Computer Basics

**Description:** Having trouble understanding all the functions on your computer? Our computer basics course will help you navigate the keyboard commands and computer functions to help you feel comfortable using a computer in the workplace and at home.

### Internet & E-mail

**Description:** Need help setting up an e-mail account or navigating the internet? We will teach you to navigate the internet, apply for jobs online, and how to stay connected using email in the workplace and at home.

### Intro to Microsoft Word

**Description:** This class introduces participants to the various features of Microsoft Word. Participants will learn how to create, modify, and save Word documents.

### Intro to Microsoft Excel

**Description:** This class provides an introduction to various Microsoft Excel features including: basic data entry, formatting, and formula manipulation.

**\*Registration required. Please visit the Learning Center to sign up**

## Other Learning Center Classes
