

ASA MEMBER BENEFIT

Get Your Drug Testing Program in Shape!

Do you currently have a Drug and Alcohol Policy in place for your employees? Is it Outdated?

Drugs, Alcohol and Employment typically does not work well when mixed together.

Throughout Texas, fellow business leaders, and H.R. professionals encounter the challenge of creating a standardized process for testing their workforce for drugs which align with groups like the Texas Work Force Commission.

Fastest Labs is very excited to announce a **50% discount** exclusively to all ASA Members!

We are currently offering 2 specials to our fellow members:

First drug test completely FREE of charge
(with signed Agreement for Services)

Updated Drug and Alcohol Policy,
with one year of Random Program Administration
for \$250.00 (valued at \$500.00)

Why Fastest Labs?

Fastest Labs is the only brand in its category which focuses on SPEED. Not only will we test your candidates for less than our competitors, but we will see your candidates IMMEDIATELY, (Rather than having them wait 30 minutes to 1 hour like most clinics). The average wait time will be 5 minutes or less, and we send the test results immediately, it is sent before your candidate leaves our parking lot, (rather than later in the day or in a couple of days). The exciting part is that we do all of this for less than our competitors.
