## TOPIC

### **“Recent Tax Reform: A Contractor’s Overview”**

The Tax Cuts and Jobs Act will try to spur our nation's economic growth and job creation by reducing the tax burden on all job-creating businesses. How will the new laws affect the way contractors run their businesses? How much TAX SAVINGS should contractors expect? What type of entity should your business be and how should your earnings be taxed? How do depreciation changes impact your business and will they add significant savings? Business owners, please join us for answers to your most pressing tax reform questions.
