

Hurricane Matthew—October 21, 2016, 4:00 PM

CURRENT INCIDENT SYNOPSIS:

- * Focus is to quickly and effectively implement recovery programs and to help survivors transition into post-shelter housing solutions.
- * River and stream flooding continues across Central and Eastern North Carolina due to rainfall from Hurricane Matthew. Due to the large amount of water, some rivers will not return to normal until Monday (10/24).
- * Power, water, and wastewater restoration continues in the affected areas.
- * A Federal Disaster Declaration was made on 10/10; Individual Assistance is available for 28 counties, Public Assistance is available for 37 counties, and Hazard Mitigation assistance is available statewide. Potential exists for counties to be added as damage assessment data is refined.

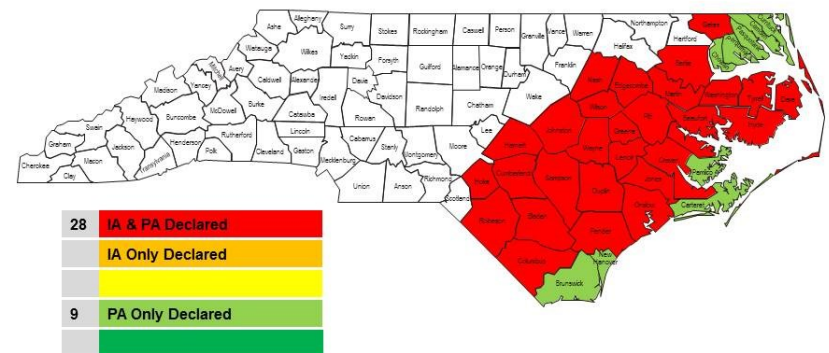

MAJOR EVENT ACTIVITIES:

- * 31 counties have declared a State of Emergency and 10 counties have EOCs open.
- * 13 shelters open; population is 752.
- * 1 county has an active evacuation order. 9 boil water advisories issued.
- * 10 Disaster Recovery Centers are open. 2 more are coming online with soft openings Saturday, 10/22.
- * Over 48,500 applications for Individual Assistance and over \$33.4 million approved.

State of North Carolina

DR 4285-Hurricane Matthew
