Data Exchange Incentive Program (DEIP) Webinar

The New York eHealth Collaborative (NYeC) is hosting two webinars to provide information on the Data Exchange Incentive Program, a funding opportunity for providers and organizations to connect to the SHIN-NY. This program may be of particular interest to PPS lead organizations that have PPS partners in need of connecting to the SHIN-NY.

$10,000 in incentive funding per organization is available (in accordance with eligibility and program requirements). This program is open to Article 28 nursing homes, Article 36 home care agencies & programs, Article 40 hospice facilitates, Behavioral Health providers (OMH, OASAS, HCBS designated providers) and organizations with Medicare and/or Medicaid EPs (non-hospital).

About the Program: The New York State Department of Health (NYS DOH), with support from the Centers for Medicare & Medicaid Services (CMS), has established the Data Exchange Incentive Program (DEIP) to increase HIE adoption across the state. Building Electronic Health Record (EHR) interfaces to New York State Qualified Entities (QEs) will increase the quantity and quality of data in the Statewide Health Information Network for New York (SHIN-NY) and build value for providers and patients at the point of care. This program is designed to help defray the cost for an organization when connecting to their local QE. Organizations participating in DEIP are incentivized to contribute a pre-defined set of data elements to their local QE. Limited funding is available and this program is operated on a first-come, first-served basis.

Webinar Will Cover:
- ✓ DEIP program basics
- ✓ Eligibility requirements
- ✓ Data contribution requirements
- ✓ Program milestones
- ✓ Payment milestones
- ✓ QE contacts
- ✓ How to get started
