Dear colleagues and partners,

We proudly present, as owners, next professional and modern 5-colour + coater flexo press:

## Nilpeter - F-280

### Machine information:

This professional and fast 5-colour flexo press can print from roll to roll or from roll to sheet in a top print quality. It is a modern machine with an operating panel (also on all units), 5 flexo printing units, 5 hot air driers on all units and a UV drier on the 5th unit so this unit can be used as a coater, video web control, 3 rotary die cutters, matrix rewind, a sheeter unit and many items that belong to modern up-to-date flexo printing equipment.

### Specifications:

Max. web width: 280 mms

Max. printing width: 275 mms

Repeat range: 140 to 323 mms

All safeties on the machine

Operation and panel controls on the machine, single unwind with end of reel detection, splice table with clamps, web guide register with tension control, 5x flexo printing units, 5x hot air driers, 1x UV driers, 3x rotary die/slitting stations, waste matrix rewind, video web inspection, removable sheeter station, single rewind, exhaust system connected to the drier units etc.

Very complete sets of Anilox cylinders, printing cylinders, gears for all cylinders and die-cutter, magnetic die rollers, spare parts, all manuals, schemes, partsbooks etc. Click [here](#) to see the complete list of the sets of tooling.

Year: 1992

Serial number: R0-80/4700

### Technical- and optical condition:

Technical: 9/10

Optical: 9/10 (very clean machine, that can go to an enduser directly)

### Price & Terms:

Price: euro 63.500,--

Terms: ex-works (LOT or LOC)

Availability: direct from stock, dismantled on machine pallets and ready for transport

Location: our warehouse Venray - the Netherlands

### Additional information:

If you need any more information or pictures, please let us know or check our website [www.mctrade.nl](http://www.mctrade.nl). We have small video's of this machine in production, just before dismantling. You can click on above shown photos and download them (and more) from our website. Of course, we can combine this machine with other pre-press, printing-press, or after-press machinery to load a container or truck. Please, ask for it.
