Dear Colleagues and Partners,

We proudly present, as owners, next professional, very fast and easy to handle and complete envelope feeder:

Schneider - SF 80

Machine information:
This professional envelope feeder can feed non-stop envelopes to all known printing machines with a stream- or a tack feeding system (Heidelberg GTO, TOK, QM, PM, Speedmaster, Printmaster, but also other brands like Adast, Komori, Sakurai, AB Dick, Gestetner, Shinohara, Fuji, Ryobi, Roland, Hamada etc.). It is a modern, fast and completely up-to-date machine with a vertical loader system, a vacuum suction separator system (adjustable), a sensor at the feeder end that automatically adapts to the running speed of the printing machine. Machine comes complete with an adjustable conveyor belt delivery.

Specifications:
Min. / max. size: 100 x 100 up to 360 x 360 mms.
Loading capacity: 450 mms
Vacuum belt envelope feeder system with sensor control for automatic speed adjustment up to 15.000 envelopes/hr. (no connection needed to the offset press). Panel operation with easy controls for speed and vacuum air. Automatic thickness compensation. The feeder is adjustable in height (64 - 104 cms) and angle or inclination. Hence suitable for all brands and types of offset printing machinery. Retractable and all on wheels for easy access and storage. Pump/ compressor and all safeties on the machine. Including Schneider 482 conveyor belt delivery (adjustable in height).
Year / Serial number: 2004 (installed 2005) / 1047

Technical- and optical condition:
Technical: 10 / 10 (checked and cleaned)
Optical: 10 / 10 (can go to enduser directly)

Price & terms:
Our price: euro 2.450,--
