Dear Colleagues and Partners,

We proudly present, as owners, next professional imagesetter (colour separation) with a very compact footage:

## Heidelberg - Duosetter

### Machine information:

This professional and compact imagesetter produces films for the production of printing plates. The films will be colour separated, produced and stored in the cassette system in this nice set of machinery. Development and further processing can be done with any offline filmprocessor. Settings can be made for different kind of offset machinery, screen printers, flexo or other machinery etc.

### Specifications:
