

Dear Partners and Colleagues,

We proudly present, as owners, next professional, digital, automated and very compact cutting-, slitting- and creasing equipment that can be used in every copy shop, print shop or bindery:

Duplo - DocuCutter DC-545

Machine information:

This professional automated A3+ size cutter, slitter and creaser makes e.g. business cards out of printwork in one pass only. The printwork will be transported from the automatic feeder with an air suction belt to the machine where loose sheets are slit, creased and/or cut simultaneously out of the originals. All settings can be changed with the digital display and the handling is digital operated. Further the result is to be (batch-) counted automatically. The result is delivered to the delivery.

Specifications:

Type: DocuCutter DC-545

Min. / max. size: 210 x 210 / 457 x 320 mms.

Paper weight: 110 to 230 gsm.

Max. speed: 12 sheets/min.

Up to 6 slits, 10 cuts and 4 creases in 1 pass

High capacity automatic feeder with suction belt register feeding system (100 mms), all safeties on the machine (shields, sensors, errors etc.), computer with digital controls, 80 programs and LCD display for all settings, counter, batch counter and finally a waste removal that can be emptied easily.
