

BIG IN SMALL MACHINERY

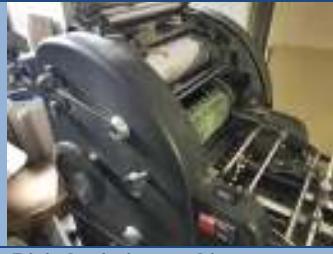

| 4, 5&6-colour printing machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|----------------------------------|--|---|--|----------------|
| | Nilpeter F-3000 Five-colour flexo press | Year: 1994 SN: 4755 Impressions: na Excellent condition Available: direct from stock | Modern 6-colour flexo machine with a digital tip touch operating panel (also accessible from each printing unit), a standard unwind, web splice, web- and tension guide, 6 flexo print units (coating possibility on the 6 th unit), 6x hot-air dryers on all units and 1 UV dryer on the 6 th unit, web turn cross bar after 3 rd printing unit, 3x rotary die cutter units, matrix rewind, perforating unit, standard rewind. Many printing cylinders, Anilox rollers, magnetic die cutting rollers, tools and manuals. Max. web width: 300 mms Speed: 120 m/min. | € 68.500 |
| | Nilpeter F-280 Five-colour flexo press | Year: 1992 SN: R0-80/4700 Impressions: na Excellent condition Available: direct from stock | Modern 5-colour flexo machine with a digital tip touch operating panel (also accessible from each printing unit), a standard unwind, web splice, web- and tension guide, 5 flexo print units (coating possibility on the 5 th unit), 5x hot-air dryers on all units and 1 UV dryer on the 5 th unit, web turn cross bar after 2 nd printing unit, 3x rotary die cutter units, matrix rewind, perforating unit, standard rewind, Tecsan Webwatcher video inspection control and a perforating- and sheeter unit. Many printing cylinders, Anilox rollers, magnetic die cutting rollers, tools and manuals. Max. web width: 280 mms Speed: 120 m/min. | € 63.500 |
| | Screen Truepress TP-344N Four-colour digital offset press | Year: 2007 SN: 2007/7 Impressions: 13.5 mio Excellent condition Available: direct from stock | Modern 4-colour portrait-scape digital offset machine with a fully automated integrated processless thermal CTP system (2400 DPI – 300 LPI and stochastic raster) on both towers and full automated plate change system, full automated paper size change format, automatic ink key control, alcolour dampening and Technotrans mixer/cooler, blanket-, ink roller- and dampening roller wash, universal tack feeder. With RIP, network connection, software. Min. size: 90x148 mms (suitable for envelope printing) Max. size: 340x470 mms Paperweight: 0.04 – 0.4 mms Speed: 2.500 – 7.000 sh/hr. | € 55.000 |
| 2-colour offset machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
| | Komori Lihrone 220 Two-colour offset machine | Year: 2007 (installed 2008) SN: L-220-2015 Impressions: only 27 mio Excellent condition (new rollers April 2017) Available: direct from stock | Modern full options 2-colour land-scape offset machine, with complete remote operation for all functions, PQC management with CIP3 console (2 colour LCD touch screen operating panels), stream feeder, quick format change, anti-static device, semi-automatic plate change, alcolour dampening with Technotrans Alpha.D recirculation cooler/mixer, all chromed cylinders, low pile delivery, powder spray, automatic inkroller- and rubber wash Min. size: 100x 148 mms Max. size: 520 x 375 mms Paperweight: 0.04 – 0.4 mms Speed: 3.800 – 13.000 sh/hr. | € 32.750 |

| | | | | |
|--|--|---|---|----------|
|  | <p>Shinohara Fuji 52-IIP NP</p> <p>Two-colour offset machine</p> | <p>Year: 1989 SN: 20234037</p> <p>Impressions: na</p> <p>Good condition</p> <p>Available: direct from stock</p> | <p>Modern 2-colour land-scape offset machine, chain delivery, tack feeder, anti-static device, quick clamp plate change, molleton dampening, semi-automatic perfector for 2/0 or 1/1 printing mode, low pile delivery, powder spray, ink roller wash. Including NP unit</p> <p>Min. size: 100x 148 mms Max. size: 520 x 360 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 9.750 |
|  | <p>Heidelberg GTOZ 52+</p> <p>Two-colour offset machine</p> | <p>Year: 1989 SN: 695681</p> <p>Impressions: 51 mio</p> <p>good condition</p> <p>Available: direct from stock</p> | <p>Modern 2-colour land-scape offset machine, plus version, chain delivery, tack feeder, quick clamp plate change, Kompac Varn III dampening, low pile delivery, powder spray, ink roller wash</p> <p>Min. size: 105x 180 mms Max. size: 520 x 360 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 8.000 sh/hr.</p> | € 14.750 |
|  | <p>Adast Dominant 525P</p> <p>Two-colour offset machine</p> | <p>Year: 1999 SN: 10268</p> <p>Impressions: na</p> <p>Excellent condition</p> <p>Available: direct from stock</p> | <p>Modern 2-colour land-scape offset machine, chain delivery, tack feeder, anti-static device, quick clamp plate change, molleton dampening, semi-automatic perfector for 2/0 or 1/1 printing mode, low pile delivery, powder spray, ink roller wash</p> <p>Min. size: 100x 148 mms Max. size: 520 x 381 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 7.750 |
|  | <p>Hamada C248E</p> <p>Two-colour offset machine</p> | <p>Year: 2003 SN: CTQ-8JO66</p> <p>Impressions: only 9.9 mio</p> <p>Excellent condition</p> <p>Available: direct from stock</p> | <p>Modern 2-colour land-scape offset machine with chain delivery, tack feeder, conventional dampening, low pile delivery, ink roller wash, small size printing device</p> <p>Min. size: 90 x 140 mms Max. size: 365 x 480 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 5.750 |
|  | <p>Hamada 234M</p> <p>Two-colour offset machine</p> | <p>Year: 1998 SN: unknown</p> <p>Impressions: na</p> <p>Excellent condition</p> <p>Available: direct from stock</p> | <p>Modern 2-colour portrait-scape offset machine with chain delivery, universal tack feeder, digital tip touch operating console, quick plate change system, conventional molleton dampening and powder spray. Manual and spare part books (English). Machine has new rollers.</p> <p>Min. size: 90 x 140 mms Max. size: 340 x 450 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 4.350 |

| | | | | |
|---|---|---|--|-----------------------|
|  | Hamada 234K Two-colour offset machine | Year: 2002 SN: unknown Impressions: 3 mio Excellent condition (like new) Available: direct from stock | Modern 2-colour portrait-scape offset machine with chain delivery, universal tack feeder, digital tip touch operating console, quick plate change system, Kompac Varn III dampening and powder spray. Manual and spare part books (English). Min. size: 90 x 140 mms Max. size: 340 x 450 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 10.000 sh hr. | € 5.100 |
| 2-colour envelope machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Halm Jet Press JP-TWOD-P Two-colour offset machine | Year: 2003 SN: 1617RC Impressions: na Excellent condition Available: direct from stock | High speed 3" 2-colour printing press for envelopes, rotating vacuum suction feeder, quick plate change system, Baldwin alcohol dampening with cooler/mixer, perfector for 2/0 and 1/1 printing mode, powder spray and extra-long delivery belt. Also coming with an independent driven packing- or feeder roller line (U-form). Min. size: 82 x 108 mms Max. size: 230 x 305 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 60.000 sh/hr. | € 14.850 |
|  | Whitacre Superspeed P7-13 Two-colour offset machine | Year: 1991 SN: 139-91 Impressions: na Excellent condition Available: direct from stock | High speed 2-colour printing press for envelopes, paper bags, brochures, covers, tabs, cardboard etc., quick plate change system, perfector for 2/0 and 1/1 printing mode, Baldwin alcohol dampening with cooler/mixer, powder spray and long delivery belt. Coming with plate-punch and plate-bender. Min. size: 180 x 180 mms Max. size: 430 x 510 mms Speed: 3.000 – 80.000 sh/hr. | € 11.850 |
| 1-colour offset machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Heidelberg KOR One-colour offset machine | Year: SN: Impressions: na Good condition Available: direct from stock | Conventional 1-colour land-scape offset machine with chain delivery, standard version, conventional dampening, universal tack feeder and powder spray. Min. size: 125 x 150 mms Max. size: 400 x 570 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 6.000 sh/hr. | € 3.500 |

| | | | | |
|--|---|---|--|---------|
|  | <p>Brandtjen & Kluge WFDT 12 x 18"</p> <p>Automatic letterpress</p> | <p>Year: 1990 SN: 1WFDT121278G</p> <p>Excellent condition Available: direct from stock</p> | <p>Automatic platen with web-guide with adjustable tractors for letterpress printing, punching, perforating, slitting, scoring, embossing and die-cutting of pack-to-pack materials. Including spare rollers (new), 5 locking frames, manuals and spare-parts.</p> <p>Min. web width size: 64 mms Max. web width size: 483 mms Inside chase dimensions: 12"x18" (305x458 mms)</p> <p>Speed: 1.000 – 5.000 sh/hr.</p> | € 3.250 |
|  | <p>Shinohara Fuji 52</p> <p>One-colour offset machine</p> | <p>Year: 1996 SN: 0841496</p> <p>Impressions: na</p> <p>Excellent condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine with chain delivery, quick plate change system, small size stream feeder, conventional dampening and powder spray. Manuals and parts book.</p> <p>Min. size: 100 x 147 mms Max. size: 360 x 520 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 12.000 sh/hr.</p> | € 5.500 |
|  | <p>Hamada Alpha 52+ NP</p> <p>One-colour offset machine</p> | <p>Year: 1993 SN: GA-00201</p> <p>Impressions: na</p> <p>Excellent condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine with chain delivery, quick plate change system, stream feeder, conventional dampening (including integrated mixer/cooler) and powder spray. Including NP unit. Manuals and parts book.</p> <p>Min. size: 257 x 182 mms Max. size: 360 x 520 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 7.500 |
|  | <p>Hamada C48</p> <p>One-colour offset machine</p> | <p>Year: 1995 SN: CSQ50005</p> <p>Impressions: 12 mio imps.</p> <p>Excellent condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine with chain delivery, quick plate change system, universal tack feeder, conventional dampening, digital control panel and powder spray. Including plate punch.</p> <p>Min. size: 140 x 100 mms Max. size: 365 x 480 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 10.000 sh/hr.</p> | € 3.850 |
|  | <p>Heidelberg GTO 46+</p> <p>One-colour offset machine</p> | <p>Year: 1974 SN: 652768</p> <p>Impressions: na</p> <p>Good condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine, plus version with chain delivery, quick plate change system, universal tack feeder, Kompac Varn III dampening, operating panel on the machine and powder spray.</p> <p>Min. size: 140 x 180 mms Max. size: 320 x 460 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 8.000 sh/hr.</p> | € 6.250 |

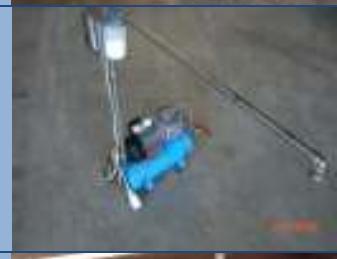

| | | | | |

|  | <p>Heidelberg GTO 46+</p> <p>One-colour offset machine</p> | <p>Year: 1977 SN: 660111</p> <p>Impressions: na</p> <p>Excellent condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine, plus version with chain delivery, quick plate change system, universal tack feeder, molleton dampening, operating panel on the machine and powder spray.</p> <p>Min. size: 140 x 180 mms Max. size: 320 x 460 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 8.000 sh/hr.</p> | € 6.650 |
|  | <p>Heidelberg GTO 46+</p> <p>One-colour offset machine</p> | <p>Year: 1980 SN: 670829</p> <p>Impressions: na</p> <p>Excellent condition Available: direct from stock</p> | <p>Modern 1-colour land-scape offset machine, plus version with chain delivery, quick plate change system, universal tack feeder, molleton dampening, operating panel on the machine and powder spray.</p> <p>Min. size: 140 x 180 mms Max. size: 320 x 460 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 8.000 sh/hr.</p> | € 6.950 |
|  | <p>Adast Dominant 414</p> <p>One-colour offset machine</p> | <p>Year: na SN: 41411382</p> <p>Impressions: na</p> <p>Good condition Available: direct from stock</p> | <p>Modern and compact 1-colour portrait-scape offset machine with high pile feeder table (940 mms), small size stream feeder, quick clamp plate change system, molleton dampening, chain delivery, powder spray and an operating console on the machine.</p> <p>Min. size: 110 x 148 mms Max. size: 280 x 381 mms Paperweight: 30 – 350 gsm Speed: 3.000 – 10.000 sh/hr.</p> | € 2.250 |
|  | <p>Gestetner 411CD</p> <p>One-colour offset machine</p> | <p>Year: na SN: 41A731</p> <p>Impressions: na</p> <p>Good condition Available: direct from stock</p> | <p>Modern 1-colour portrait-scape offset machine with chain delivery, quick plate change system, universal tack feeder with digital tip touch operating console, conventional dampening. Electrics: 220 V, 8 A, 50 Hz, 1 phase.</p> <p>Min. size: 90 x 148 mms Max. size: 264 x 365 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 9.000 sh/hr.</p> | € 1.700 |
|  | <p>Gestetner 313CD</p> <p>One-colour offset machine</p> | <p>Year: 1986 SN: 160446</p> <p>Impressions: na</p> <p>Good condition Available: direct from stock</p> | <p>Modern 1-colour portrait-scape offset machine with chain delivery, quick plate change system, universal tack feeder with digital tip touch operating console, Kompac Varn II dampening, rubber wash.</p> <p>Min. size: 100 x 148 mms Max. size: 320 x 440 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 9.000 sh/hr.</p> | € 1.950 |

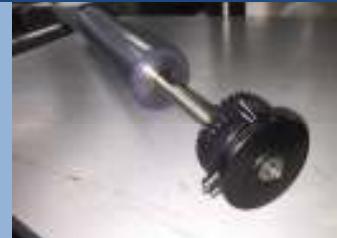

| | | | | |
|---|--|--|--|-----------------------|
|  | AM Multigraph Multilith 1650CD One-colour offset machine | Year: na SN: 419446 Impressions: na Excellent condition Available: direct from stock | Modern 1-colour portrait-scape offset machine with chain delivery, universal tack feeder with digital tip touch operating console, Kompac Varn dampening and powder spray. Min. size: 89 x 140 mms Max. size: 432 x 330 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 10.000 sh/hr. | € 1.200 |
|  | AB Dick 9810 XCS One-colour offset machine | Year: 1993 SN: 11434 Impressions: na Good condition Available: direct from stock | Classic 1-colour portrait-scape offset machine with chain delivery, universal tack feeder with integrated dampening and powder spray. Min. size: 76 x 127 mms Max. size: 343 x 451 mms Paperweight: 0.04 – 0.4 mms Speed: 3.000 – 10.000 sh/hr. | € 1.050 |
|  | AB Dick 350 One-colour offset machine | Year: na SN: na Impressions: na Excellent condition Available: direct from stock | Classic 1-colour portrait-scape offset machine with standard chute delivery, universal tack feeder with integrated dampening. Min. size: 89 x 140 mms Max. size: 210 x 297 mms Paperweight: 0.04 – 0.3 mms Speed: 3.000 – 7.000 sh/hr. | € 600 |
| Digital printing machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Kodak Digimaster EX110 B/W printer | Year: 2010 SN: 00X2X03019 Impressions: 20 mio Excellent condition Available: direct from stock | Modern fully automatic high speed B/W printer for fast and high quality production (600 DPI LED imaging technology) with 6 automated feeder drawers, automatic toner density control, auto tray switching. Including SUN Fiery Adobe RIP and can be connected into a network (Window and Mac). Including top exit and finisher with 1 corner- and 2 side staplers and high pile stacker delivery. Min. size: DIN A5 Max. size: DIN A3+ Paperweight: 60-200 gsm Speed: 55 - 110 sh/min. | € 2.750 |

| | | | | |
|---|---|---|---|-----------------------|
|  | Xerox Workcentre 5655 B/W copier & printer | Year: 2010 SN: 3633610001 Impressions: 1.2 mio Excellent condition Available: direct from stock | Modern fully automatic B/W printer for fast and high quality production (600x5600, 4800x600 DPI and 256 graditions in halftone) with automatic toner density control, auto-reduction and enlargement, auto tray switching. Zoom: 25 – 400%. Can be connected into a network. Including finisher. Min. size: DIN A5 Max. size: DIN A3+ Paperweight: 50-120 gsm Speed: 30-55 sh/min. | € 650 |
| Sign and screen machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | LaserMaster DM1000 Four colour printer / plotter | Year: na SN: 8501660 Impressions: na Good condition Available: direct from stock | Modern fully automatic large size thermic A0 size inkjet printer / plotter, 4 colour cartridges, runs on rolls of paper (matte and glossy). Including ColorMark Docking Station for calibrated ink profiles. Suitable for film and all paper materials to print posters or displays. Resolution: 800 DPI. Ink cartridges are HP compatible. Roll min. size: 203x254 mmms Roll max. width: 920 mmms | € 450 |
| Desitometer | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | GretagMacbeth DensiEye Densitometer | Year: 2007 SN: 3301-1931 Impressions: na Excellent condition Available: direct from stock | Hand held densitometer with a fully automated 4-channel for CMYK measurement that provides the highest measurement speed and response time on the market, (meas. time 0.1 sec, response time 0.5 sec) saving critical time and increasing efficiency. It measures up to density 3. The DensiEye is the ideal solution for the newspaper and magazine printing markets due to its ability to measure the small colour bars used in these environments. The compact and easy to handle DensiEye 700 includes the full set of functionality operators need to measure density, dot gain, dot area, trapping, grey balance and print characteristics. Including: protection case, USB connection and cable, loader and software (CD). | € 650 |
|  | Techkon SpectroDens Basic Densitometer | Year: 2010 SN: A611054 Impressions: na Excellent condition Available: direct from stock | Hand held automatic densitometer with a fully automated 4-channel for CMYK measurement. The Techkon is the ideal solution for printing markets due to its ability to measure the small colour bars and automatically switching to dot or colour measurements. The compact and easy to handle Techkon includes the full set of functionality operators need to measure density, dot gain, dot area, trapping, grey balance and print characteristics. Including: protection case, USB connection and cable, loader and software (CD). | € 650 |

Available for: <ul style="list-style-type: none">- GTO 46, GTO 52- KOR, KORD, KORS- MO- SORM, SORS- SM 52, SM 72, SM 74, SM 102 & SM 104 | On request |
| Envelope printing equipment | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Stenz 400 envelope feeder with delivery | Year: 1999 SN: 40996623 Excellent condition Available: direct from stock | Automatic envelope feeder with a horizontal non stop loader system and vacuum suction feeder, designed to feed envelopes to all machines with a stream- or tack feeding system (Heidelberg SM, PM, GTO, QM or PM, Fuji, Ryobi, Sakurai, Adast, Shinohara, Hamada etc.). Adjustable vacuum, height, inclination, guides and a sensor at feeder end for automatic speed adjustment up to 15.000 sh/hr. Including conveyor belt delivery and heavy duty pump. All on wheels for easy storage. Min. envelope size: 7.6 x 12.7 cm Max. envelope size: 33.0 x 38.0 cm Adjustable in height: 64 – 104 cms | € 2.250 |
|  | AB Dick 1200 envelope feeder | Year: na SN: 4677 Good condition Available: direct from stock | Universal and automatic envelope feeder, designed to feed envelopes to all machines with tack feeding system (AB Dick, Ryobi, Gestetner, Heidelberg GTO, QM or PM, Multilith and Hamada). Adjustable vacuum, height, inclination, push guides, 4 sucker feet and a sensor at feeder end for automatic speed adjustment. (= Astro AMC-2000feeder under AB Dick label). All on wheels for easy storage. Min. envelope size: 7.6 x 12.7 cm Max. envelope size: 27.9 x 41.3 cm | € 500 |
|  | Schneider F50 envelope feeder | Year: 1998 SN: C-584 Fair condition (machine needs maintenance or can be used for parts) Available: direct from stock | Universal and automatic envelope feeder, designed to feed envelopes to all machines with tack feeding system (AB Dick, Ryobi, Gestetner, Heidelberg GTO, QM or PM, Multilith and Hamada). Adjustable vacuum, height, inclination, push guides, 10 sucker feet and a sensor at feeder end for automatic speed adjustment. All on wheels for easy storage. Min. envelope size: 7.6 x 12.7 cm Max. envelope size: 27.9 x 37 cm | € 300 |
|  | Unilith T-100 envelope feeder | Year: 1990 SN: unknown Good condition Available: direct from stock | Automatic envelope feeder, designed to feed envelopes to Heidelberg GTO machines. Adjustable vacuum. The unit is placed onto the feeder board of GTO 46 or GTO 52 and can be used from there. Min. envelope size: 7.6 x 12.7 cm Max. envelope size: 22.7 x 30.3 cm | € 300 |

| | | | | |
|--|---|--|---|-------|
|  | Just Feed envelope feeder | Excellent condition Available: direct from stock | Luxury envelope feeder system consisting of 4 adjustable platforms, specially designed to feed envelopes to all kind of offset machines. Including original packaging. | € 175 |
|  | Just Feed envelope feeder | Excellent condition Available: direct from stock | Envelope feeder system consisting of 3 platforms, specially designed to feed envelopes to all kind of offset machines. Including original packaging. | € 150 |
|  | Alpha Engineering RCV envelope delivery | Excellent condition Available: direct from stock Year: 2001 (delivered 2002) SN: 1010 | Stainless steel envelope delivery system, specially designed to receive envelopes from all brands and types of offset machines. Speed adjustable. Height adjustable. Size: 350 x 900 mms | € 450 |
|  | Stielow 1.104 envelope delivery | Excellent condition Available: direct from stock Year: 1986 SN: 993.03.86 | Stainless steel envelope delivery system, specially designed to receive envelopes from all brands and types of offset machines. Speed adjustable. Height: 450 mms Size: 300 x 1.300 mms | € 450 |
|  | Astro CD-100 envelope delivery | Excellent condition (never used) Available: direct from stock Year: na SN: na | Envelope delivery system, specially designed to receive envelopes from all brands and types of offset machines. Speed adjustable. Height adjustable. Size: 290 x 950 mms | € 350 |

| | | | | |
|---|--------------------------------------|---|--|-----------------------|
|  | Sofrapli REL envelope delivery | Excellent condition Available: direct from stock Year: na SN: 9500/ZRE | Envelope delivery system, specially designed to receive envelopes from all brands and types of offset machines. Speed adjustable. Height adjustable. Size: 270 x 850 mms | € 350 |
| Platemaking machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Xante Speedsetter VM4 CTP | Year: 2011 SN: 501122 & 94884-0037 Number of plates: na Good condition Available: direct from stock | Violet CTP (2540 DPI), 405 nm 60 mW violet laser diode for press-ready plate materials with manual loading and internal drum system. Including: offline Glunz & Jensen FCF 85V low-chemical plate processor, standard delivery, all dongles, PC, original Symphony RIP and workflow. This machine combines with all 4 up printing press equipment. But also with portrait-scape small size printing machinery Min. size: 241x381 mms Max. size: 927x635 mms Speed: 27 plates/hour | € 5.850 |
|  | AB Dick DPM 2340 CTP | Year: 2000 SN: 46-431 Excellent condition Available: direct from stock | CTP (900 – 3600 DPI), 675 nm red laser diode (10 mW) for film and/or press-ready polyester plate materials, including PC, monitor, keyboard, RIP software, and self-replenishing plate processor (inline). This machine combines with all portrait-scape offset machines like Hamada, Ryobi, Adast, Heidelberg QM, etc. Min. size: 229x305 mms Max. size: 340x508 mms Speed: 28 – 38 plates/hour (in 17 steps) | € 1.050 |
|  | Mitsubishi DPM 2000CPS CTP | Year: 2000 SN: 22826 Excellent condition Available: direct from stock | CTP (900 – 1200 DPI) with network connection and its own scanner (up to 1200 DPI), 670 nm red laser for film and/or press-ready polyester plate materials, including RIP software, updates, and self-replenishing plate processor (inline). This machine combines with Heidelberg GTO or SM 52, Hamada 52, Ryobi 520 etc. Min. size: 229x305 mms Max. size: 419x551 mms | € 950 |

| | | | |
|--|---|--|---------|
|  | <p>Kimoto Kimosetter 410 CTP CTP printer</p> <p>Year: 2010 SN: A16C35C0018H</p> <p>Excellent condition Available: direct from stock</p> | <p>Simple and easy to use desktop CTP (1200x600 DPI) for printing the image, text, half tones directly on to the non-sensitive polyester offset plates. Direct ready to print and can be used in any dampening system (even non-chemical or non-alcohol). Automatic plate feed for 10 plates. Suitable for all Mac and Microsoft operating systems with an USB connection. This machine combines with Heidelberg GTO 46, Printmaster 46, Quickmaster 46, Hamada, Ryobi etc.</p> <p>Min. plate size: 98x98 mms Max. plate size: 410x510 mms</p> | € 1.450 |
|  | <p>Kodak Mercury T-HD 1250 Plate processor</p> <p>Year: 2009 SN: ME10409</p> <p>Excellent condition Available: direct from stock</p> | <p>Plate processor for processing all brands and press ready thermal offset plates. Including manual loader (can also be integrated into a inline CTP installation, digital touch screen operating panel for speed, processing times, stabilizing, washing out, gumming and drying of the plates before further delivery to rack, stacker or other inline equipment.. Complete with refrigeration/cooler unit.</p> <p>Max. size: 1250 mms width Min. size: 320 mms length Speed: 60 - 200 cms/min.</p> | € 3.450 |
|  | <p>Kodak KTP-1270 Plate processor</p> <p>Year: 2013 SN: 137113600033</p> <p>Excellent condition Available: direct from stock</p> | <p>Plate processor for processing all brands and press ready low-chemical thermal offset plates. The machine is meant to be integrated into a inline CTP installation, digital touch screen operating panel for speed, processing times, stabilizing, washing out, gumming and drying of the plates before further delivery to rack, stacker or other inline equipment. Complete with refrigeration/cooler unit.</p> <p>Max. size: 1270 mms width Min. size: 320 mms length Speed: 50 - 305 cms/min.</p> | € 2.950 |
|  | <p>Hyfra VWK 7/1 Cooling- and circulation unit</p> <p>Year: 1994 SN: 9403166</p> <p>Excellent condition Available: direct from stock</p> | <p>Independent working cooling- and circulation unit for film- or plate processors of standard offset- or ctp plate production. This unit can even be used for cooling the ink- or dampening systems of offset printing machines. Simple and universal coupling connection.</p> <p>Cooling: 814 W Cooling: 700 kcal/h Pressure: 24 bar</p> | € 350 |
|  | <p>Bartal-Tech Ltd. Lotem 400 conveyor Online bridge</p> <p>Year: 2008 SN: 903</p> <p>Excellent condition Available: direct from stock</p> | <p>Online plate bridge for online use between a Lotem 400 CTP and an online plate processor or plate washer with data connector for start/control.</p> <p>Max. plate width: 78 cms</p> | € 850 |

| | | | | |
|---|--|--|---|-----------------------|
|  | <p>Glunz & Jenzen C5 platestacker Automatic plate stacker</p> | <p>Year: 2010 SN: 100858 VX</p> <p>Excellent condition Available: direct from stock</p> | <p>Online fast working plate stacker with sensors for start/control. Can be placed behind any brand, type or size CTP line for stacking the plates onto a retractable trolley. Works independently from any (high performance) processor and will start automatically when the processed plate passes the sensor. The conveyor is driven to ensure complete removal of the plate prior to stacking. The speed is adjustable. Up to 75 - 100 plates will be stacked vertically on a retractable trolley that is on wheels for easy transport of the plates to the printing press.</p> <p>Max. plate width: 85 cms Max. plate length: 125 cms</p> | € 925 |
| Imagesetting machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | <p>Scantext Othello</p> <p>Imagesetter</p> | <p>Year: 1999 SN: 525.588</p> <p>Excellent condition Available: direct from stock</p> | <p>Imagesetter (1270 – 3850 DPI). Visible red laser diode (670 nm). For red sensitive film. Including: cassette, RIP software (RipExpress, including Adobe Postscript 3) installed on Windows PC, dongle.</p> <p>Max. size: 510 x 645 mm imaging area</p> | € 2.750 |
|  | <p>Heidelberg Duosetter</p> <p>Imagesetter</p> | <p>Year: 2000 (installed 2001) SN: 003311803</p> <p>Excellent condition Available: direct from stock</p> | <p>Imagesetter (1270 – 3387 DPI). Visible red laser diode (670 nm). For red sensitive film. Including: cassette, RIP software (Adobe Postscript 3) installed on Windows PC, dongle.</p> <p>Max. size: 535 x 505 mm imaging area</p> | € 3.450 |
|  | <p>ECRM VR30</p> <p>Imagesetter</p> | <p>Year: 1992 SN: 359</p> <p>Used condition Available: direct from stock</p> | <p>Imagesetter (600 – 2430 DPI). Including: cassette.</p> <p>Max. width: 300 mm imaging area</p> | € 450 |

| | | | | |
|--|---|---|--|---------|
|  | ECRM VR36 Scriptsetter Imagesetter | Year: 1994 SN: 168 Good condition Available: direct from stock | Imagesetter (600 – 2430 DPI). Including: PC with RIP, software (CD) and cassette. Max. width: 360 mm imaging area | € 950 |
|  | ECRM RIP software, dongle and SCSI card Imagesetter | Year: 2000 SN: 3892B366 Excellent condition Available: direct from stock | ECRM RIP software for PowerMac Vs 5.3, with dongle and SCSI card | € 250 |
|  | Agfa Accuset 800 Plus Imagesetter | Year: 1998 (delivered 1999) SN: 206810 Good condition Available: direct from stock | Imagesetter (600 – 2400 DPI). Visible red laser diode (670 nm). For red sensitive film. Including: cassette, Agfa PDF RIP (VS 2. 1.01) software, Agfa Apogee Viper (V 3.02), dongle, cables, manual, cd's. Max. size: 356 x 2100 mm imaging area | € 950 |
|  | Screen LD-280 QT Film processor | Year: 1990 SN: 89240-7342 Excellent condition Available: direct from stock | Film processor for daylight cassette system for processing all brands and marks of films from imagesetters, repro camera's etc. Including operating panel for speed, processing times, stabilizing, washing out and drying of the film before delivered to the delivery rack. Max. size: 720 mms width x 3000 mms length Min. size: 50 mms width x 120 mms length Speed: up to 100 cms/min. | € 1.650 |
|  | Agfa Avantra 30 Imagesetter input cassette | Year: 2008 SN: na Good condition Available: direct from stock | Input cassette for an Agfa Avantra 30 imagesetter. For film sizes up to 762 mms | € 150 |

| | | | | |
|---|---|--|--|-----------------------|
|  | <p>Screen Katana FT-R3050</p> <p>Imagesetter input- and output cassettes (2 sets of 2 pieces)</p> | <p>Year: 1998 SN: na</p> <p>Good condition Available: direct from stock</p> | <p>2 input cassettes and 2 output cassettes for a Screen Katana FT-R3050 imagesetter. For film sizes up to 558 mmms</p> | € 250 |
| Plate- and film punches | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | <p>Universal</p> <p>Table-model plate punch</p> | <p>Year: unknown SN: unknown</p> <p>Excellent condition Available: direct from stock</p> | <p>Table model plate punch for Gestetner, AB Dick, Hamada and Rotaprint offset plates</p> <p>Type: 23 holes Max. plate size: 52 cms</p> | € 85 |
|  | <p>Carl Glisser</p> <p>Table-model plate punch</p> | <p>Year: unknown SN: unknown</p> <p>Excellent condition Available: direct from stock</p> | <p>Table model plate punch (pressureless roll system) for Gestetner, AB Dick, Hamada and Rotaprint offset plates</p> <p>Type: 23 holes Max. plate size: DIN A4</p> | € 50 |
|  | <p>Bacher RP 22</p> <p>Table-model plate punch</p> <p>(we have 4 pieces available)</p> | <p>Year: unknown SN: unknown</p> <p>Excellent condition Available: direct from stock</p> | <p>Table model plate punch for Bacher 225 for plate size up to 52 cm</p> <p>Punch distance: 22,5 cms Max. plate size: 52 cms</p> | € 350 |

| | | | | |
|--|---|---|---|---------|
|  | Kieper Table-model plate punch | Year: unknown SN: unknown Excellent condition Available: direct from stock | Table model plate punch for Bacher 225 for plate size up to 80 cm Punch distance: 22,5 cms Max. plate size: 80 cms | € 650 |
|  | Heidelberg Table-model plate punch (we have 2 pieces available) | Year: unknown SN: unknown Excellent condition Available: direct from stock | Table model plate punch for Bacher 225 for plate size up to 52 cm Punch distance: 22,5 cms Max. plate size: 52 cms | € 650 |
|  | Billows Komori Floor-model plate punch | Year: 1993 SN: unknown Excellent condition Available: direct from stock | Floor model register plate punch for Komori offset machines with a plate size up to 95 cm with foot pedal operation. Including adjustable top punch for centre punching. Punch distance: 55,0 cms Max. plate size: 95 cms | € 1.350 |
|  | Beil Bacher 425 Table-model plate punch | Year: unknown SN: 9151 good condition Available: direct from stock | Table model plate punch for Bacher 425 for plate size up to 67 cm with manual crank. Electric register control for exact punching Punch distance: 42,5 cms Max. plate size: 67 cms | € 650 |
|  | Bernard Prin & Cie Table-model plate punch | Year: unknown SN: unknown good condition Available: direct from stock | Table model plate punch for Bacher 425 for plate size up to 78 cm with manual crank. Punch distance: 42,5 cms Max. plate size: 78 cms | € 850 |

| | | | | |
|---|---|---|---|-----------------------|
|  | Heidelberg Autoplate C2.144.1301/04A HDM Floor-model plate punch | Year: 1998 SN: 2875/12 Excellent condition Available: direct from stock | Table model plate punch for Bacher 425 for plate size up to 106 cm with manual crank. Suitable for Heidelberg SM 74 and SM 102 series Punch distance: 42,5 cms Max. plate size: 106 cms | € 1.550 |
|  | Billows Floor-model film- & plate punch | Year: unknown SN: unknown Excellent condition Available: direct from stock | Floor model film- and plate punch for plate size up to 160 cm. Electric punching with foot pedal. Special for large size offset machines like: MAN Ultra, Roland Ultra, Planeta Super Variant, Nebiolo, Marinoni, Cab Tree etc. Max. plate size: 160 cms | € 1.750 |
| Daylight control-mounting tables | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Bieffe Film mounting table | Year: na SN: na Excellent condition Available: direct from stock | Table with inner lights and for film mounting up to 80 x 60 cms size. Adjustable in height and inclination. Including rulers. Max. size: 80 x 60 cm | € 100 |
| Copyframes & platemakers | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Dupont Cyrel 3000E Plate exposure unit for extra-large polymer plates | Year: 1991 SN: 82046 Excellent condition Available: direct from stock | Floor model clam shell plate exposure unit for photopolymer plates with professional digital programming and 48 UV tubes, light integrator, controlled exposure, vacuum draw down, temperature controlled bed, 25 memories, timers for exposure and vacuum, sensor control for lamp condition. Max. size: 132 x 203 cm Plate thickness: 0,5 – 7,0 mms | € 4.775 |

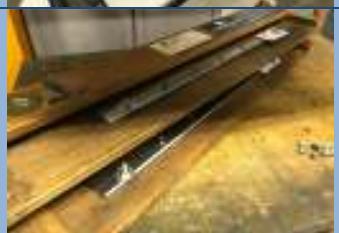

| | | | | |
|--|--|--|---|---------|
|  | Dupont Cyrel 3001LF & 3001D Light finisher and dryer for extra-large polymer plates | Year: 1991 SN: 90006 & 94050 Good condition Available: direct from stock | Floor model post expose and light finisher with 30 UV tubes. Also 5 drawer dryers for photopolymer plates with professional programming for each drawer, temperature controlled, timers for drying period. All can work simultaneously. Max. size: 132 x 203 cm Plate thickness: 0,5 – 7,0 mm's | € 2.775 |
|  | Interflex PF/PE 12/20 & 12/20 Dryer Light finisher and dryer for extra-large polymer plates | Year: 2001 SN: 010906000126 & 011302000108 Good condition Available: direct from stock | Floor model post expose and light finisher with 30 UV tubes. Also 6 drawer dryers for photopolymer plates with professional programming for the finisher and drawer, temperature controlled, timers for drying period. All can work simultaneously. Max. size: 110 x 200 cm Plate thickness: 0,5 – 7,0 mm's | € 2.975 |
|  | Cron KOP01ES5000 Plate exposure unit / Copy frame | Year: 1997 (delivered 1998) SN: 9712VB93 Excellent condition Available: direct from stock | Floor model copy frame with professional digital programming and digital screen, memories, timers for exposure and vacuum, sensor control for lamp condition. Including: drawers, stray foil screen, sensor etc. Max. size: 108 x 74 cm Capacity: 5000 W bulb. | € 2.275 |
|  | OMM DH60 Plate exposure unit / Copy frame | Year: 2006 SN: 4661 Excellent condition Available: direct from stock | Floor model copy frame with professional digital tip touch programming and digital screen, 99 memories with each 12 steps, timers for exposure and vacuum, sensor control for lamp condition. Including: drawers, stray foil screen, sensor etc. Max. size: 85 x 65 cm Capacity: 2000 W bulb. | € 1.875 |
|  | Cron KOP67TT3000 Plate exposure unit / Copy frame | Year: 1996 SN: 9608TT67 Excellent condition Available: direct from stock | Floor model copy frame with professional digital tip touch programming and digital screen, 99 memories with each 12 steps, timers for exposure and vacuum, sensor control for lamp condition. Including: drawers, stray foil screen, sensor etc. Max. size: 80 x 67 cm Capacity: 3000 W bulb. | € 1.275 |

| | | | | |
|--|--|---|--|---------|
|  | SGB 7800-010 Plate exposure unit / Copy frame | Year: 1995 SN: 018/95 Excellent condition Available: direct from stock | Floor model copy frame with professional digital programming and digital display, memories with each 12 steps, timers for exposure and vacuum, sensor control for lamp condition. Including: drawers, stray foil screen, sensor etc. Max. size: 78 x 67 cm Capacity: 3000 W bulb. | € 1.075 |
|  | Theimer 3369 Nova Plate exposure unit / Copy frame | Year: 2002 SN: 2002030234 Excellent condition Available: direct from stock | Floor model copy frame with professional digital programming and digital display, memories with each 12 steps, timers for exposure and vacuum, sensor control for lamp condition. Including: drawers, stray foil screen, sensor etc. Max. size: 74 x 60 cm Capacity: 2500 W bulb. | € 1.275 |
|  | GAF Helioprint PD 130 Plate exposure unit / Copy frame | Year: 1998 SN: na Excellent condition Available: direct from stock | Floor model copy frame with simple programming and screen, timers for exposure and vacuum. Max. size: 74 x 63 cm Capacity: 1600 W bulb. | € 825 |
|  | Eskofot 245u Plate exposure unit / Copy frame | Year: na SN: na Excellent condition Available: direct from stock | Floor model copy frame with professional digital programming and digital screen, 40 memories, timers for exposure and vacuum. Max. size: 54 x 45 cm Capacity: 1600 W bulb. | € 725 |
|  | Eskofot 1440 Direct platemaker | Year: 1997 SN: 440416 Excellent condition Available: direct from stock | Compact floor model direct platemaker with professional digital programming (40 programs), memories, timers for exposure and vacuum. It is possible to enlarge your original up to 105% and to shrink down to 64%. This equipment exposes, develops, stabilizes, and dries the (Polyester Agfa and Mitsubishi direct plate materials) in one handling job. Max. size: 510 x 404 mms Capacity: 1500 W bulb. | € 425 |

| Plate processors | Machine/type | Year/condition/available | Description/options | Price in Euros |
|---|---|--|---|----------------|
|  | Agfa Azura C85 (Glunz & Jensen) Rinse- and gumm processor | Year: 2005 SN: 92700-0187 Good condition Available: direct from stock | Automatic rinse- and gumm processor with manual feeder for thermal offset plates with an automatic plate insert start system. Recirculation and drying system included. Max.plate width: 850 mms | € 1.650 |
|  | Lefra 10 550-200 Plate processor | Year: 1988 SN: 2832 Good condition Available: direct from stock | Manual plate processor for developing small size offset plates with a simple operation panel for all functions (speed, temperature, pump). Max.plate size: 550 x 750 mms Capacity: 15 liters | € 150 |
|  | Lefra 430-500 Plate processor | Year: 1998 SN: 5654 Good condition Available: direct from stock | Manual plate processor for developing small size offset plates with a simple operation panel for all functions (speed, temperature, pump). Max.plate size: 430 x 500 mms Capacity: 13 liters | € 150 |
| Paper cutters and guillotines | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Adast Maxima MH80-5 Guillotine | Year: na SN: 5260039 Excellent condition Available: direct from stock | Hydraulic paper cutter with airtable, electric pressing and size change and cutting. Extended sidetable left, tools and spare knife. 380 V and 3 phase. Max. size: 800 mms Max pile height: 100 mms. Min. – max. pressure: 3-15 kN | € 2.350 |

| | | | | |
|--|---|--|---|----------|
|  | Adast Maxima MH80-2 Guillotine | Year: na SN: 13322 Excellent condition Available: direct from stock | Hydraulic paper cutter with electric pressing and size change and cutting. Tools and spare knife. 220 V and 3 phase. Max. size: 800 mms Max pile height: 100 mms. Min. – max. pressure: 3-15 kN | € 2.150 |
|  | Adast MJ-46 Guillotine | Year: na SN: 5470034 Fair condition Available: direct from stock | Paper cutter with manual pressing and size change and electric cutting. Tools and spare knife. Max. size: 460 mms Max pile height: 80 mms. | € 650 |
|  | Mandelli 76 HYS Guillotine | Year: 1998 SN: 40812 Excellent condition Available: direct from stock | Hydraulic paper cutter with stainless steel air table, digital operating panel with digital display for programming and storage. All relevant safeties (IR bars, shields, 2 hand operation). Tools and spare knife. 380 V and 3 phase. Max. size: 760 mms Max pile height: 100 mms. | € 6.750 |
|  | Polar 137 EMC Monitor Guillotine https://youtu.be/vtDQGSJkgMs | Year: 1986 SN: 5641056 Excellent condition Available: direct from stock | Hydraulic paper cutter with air table, digital operating panel with a monitor display for programming (99 programs with 999 steps), eject function, and storage. Including 2 paper lifts (L600W-3 & L600W-3SA) with flat plate loading and unloading, jogging table with air supply (RB-5) and side flaps both sides, and 2 small side tables, also with air supply. All relevant safeties (IR bars, 2 hand operation). Tools and 1 spare knife. 380 V and 3 phase. Max. size: 1370 mms Max pile height: 120 mms. | € 12.150 |
|  | Horizon APC M58 Guillotine https://youtu.be/0v-LJQgfl0 | Year: na SN: 16019 Excellent condition Available: direct from stock | Hydraulic paper cutter with stainless steel table, digital operating panel with digital display for 9 programs with each 6 steps. Push out function possible after each step. All relevant safeties (2 hand operation, shields, sensors). Manuals, tools and 1 spare knife. 380 V and 3 phase. Max. size: 580 mms Min. size: 20 mms Max pile height: 100 mms. | € 4.950 |

| | | | | |
|--|---|--|--|---------|
|  | EBA Multicut 10/550 CNC Guillotine | Year: 1988 SN: 2451048 Good condition Available: direct from stock | Hydraulic paper cutter with stainless steel table, digital operating panel with digital display for programming and storage. All relevant safeties (2 hand operation). Tools and spare knife. 380 V and 3 phase. Max. size: 550 mms Max pile height: 95 mms. | € 2.750 |
|  | Ideal 4850-95 EP Guillotine https://youtu.be/4uXxiF0hvFg | Year: 2014 SN: 4007860 Excellent condition Available: direct from stock | Electric paper cutter with digital operating panel with digital display and panel for programming and storage (9 programs, 9 steps). All relevant safeties (shields, sensors, 2 hand operation). Tools and spare knife. 220 V and 1 phase. Max. size: 480 mms Max pile height: 80 mms. | € 1.250 |
|  | 2L 450EC Guillotine https://youtu.be/Vhi9PcZCRfg | Year: 2012 SN: 659380422 Excellent condition Available: direct from stock | Electric paper cutter with digital operating panel with digital display and panel. All relevant safeties (shields, sensors, 2 hand operation). Tools and spare knife. 220 V and 1 phase. Max. size: 450 mms Max pile height: 80 mms. | € 1.150 |
|  | EBA Multicut 4-360 T Guillotine | Year: 1989 SN: 232.003387 Good condition Available: direct from stock | Simple manual floor model cutter with manual operation of the size, pressure and knife. All safeties. Max. size: 360 mms Max pile height: 50 mms. | € 275 |
|  | EBA Multicut 360 Guillotine | Year: na SN: na Used condition Available: direct from stock | Simple manual floor model cutter with manual operation of the size, pressure and knife. 1spare knife. Max. size: 360 mms Max pile height: 50 mms. | € 175 |

| | | | | |
|--|--|---|--|------------|
|  | VS 46 Guillotine | Year: 1998 SN: unknown Excellent condition Available: direct from stock | Cardboard- or offset plate cutter (very heavy cast iron table model) with manual operation of the pressure and the knife. Max. size: 460 mms | € 250 |
|  | Neolt Electro Power Trim 250 Plus Roll knife cutter https://youtu.be/pVl2usYrE9g | Year: 2005 SN: 726.1267.035 Excellent condition Available: direct from stock | Electric roll knife cutter with electric movement operation of the knife and foot pedal operation. Suitable for digital- and conventional printwork (technical drawings, posters, photos etc.). Max. cutting length: 2500 mms Max. cutting thickness: 1.6 mms | € 590 |
|  | Pitney Bowes 1241 Automatic letter opener | Year: 2010 SN: 5484 Excellent condition Available: direct from stock | Automatic roll knife slitter for opening letters and envelopes. Very fast automatic friction feeder system, delivery tray. Can be used with all kinds of mixed envelopes. No confetti due to slitter opening action with separate waste removal. Max. size: up to C4 size Max. thickness: 8 mms Speed: 400 letters/min. | € 125 |
|  | Several knives for cutters/guillotines | Year: unknown SN: unknown Available: direct from stock | 2x Horizon 58/61 series | € 50 each |
|  | Several knives for cutters/guillotines | Year: unknown SN: unknown Available: direct from stock | 2x three knife cutter Perfecta SDY | € 150 each |

| | | | | |
|---|---|--|---|-----------------------|
|  | Tarnator 350 paper shredder | Year: 1985 SN: 6206 Excellent condition Available: direct from stock | Manual high speed shredder with roller feeder. Retractable for easy use or storage. Max. size: 30 cm width Max. paper height: 3 mms | € 350 |
|  | LDG 450 paper shredder | Year: na SN: na Excellent condition Available: direct from stock | Manual heavy duty high speed shredder with roller feeder. Retractable for easy use or storage. Max. size: 45 cm width Max. paper height: 15 mms | € 350 |
| Lift- and turning machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Shelby 5331 palletlift | Year: unknown SN: unknown Available: direct from stock Good condition | Manual hand winch operation for lifting pallets. On wheels, so retractable for use on more machines or for easy storage. Max. size 100x80 cms Max. lift height: 105 cms Capacity: up to 250 kgs | € 150 |
|  | Intraboss Handy 800E palletlift | Year: 1996 SN: 997001 Available: direct from stock Good condition | Electric winch (battery operated) for automatic lifting the paper carts for GTO 46&52, SM 52, Sakurai 52, Ryobi, Fuji 52, Shinohara 52 etc. Adaptable sensor to lift automatically up to the requested height. On wheels, so retractable for use on more machines or for easy storage. Max. size 57x40 cms Max. lift height: 110 cms Capacity: up to 250 kgs | € 550 |

| | | | | |
|--|---|--|---|---------|
|  | Intraboss Handy 800E palletlift | Year: 1996 SN: 997002 Available: direct from stock Good condition | Electric winch (battery operated) for automatic lifting the paper carts for GTO 46&52, SM 52, Sakurai 52, Ryobi, Fuji 52, Shinohara 52 etc. Adaptable sensor to lift automatically up to the requested height. On wheels, so retractable for use on more machines or for easy storage. Max. size 57x40 cms Max. lift height: 110 cms Capacity: up to 250 kgs | € 550 |
|  | Lafis LEI 16 C Mobile pallet lift | Year: 1997 SN: 32925 Excellent condition Available: direct from stock | Movable pallet lift, motor driven, operation console on steering stick. Including SPE 24 Volt automatic battery loader with analog display. Up to size: 120 x 100 cms Max. pallet size: 120 x 100 cms Max lifting height: 12 cms. Capacity: 1.600 kgs. | € 1.500 |
|  | Bolzoni palletlift | Year: unknown SN: unknown Available: direct from stock Good condition | Electrical and hydraulic operation for lifting pallets. Low profile for easy access and loading with pallet lifter. Max. size 100x140 cms Max. lift height: 95 cms Capacity: up to 1.000 kgs | € 450 |
|  | Schneider Senator PL2 palletlift | Year: 1970 SN: 8395 Available: direct from stock Good condition | Electrical and hydraulic operation for lifting pallets. On wheels, so retractable for use on more machines or for easy storage. Max. size 140x102 cms Max. lift height: 95 cms Capacity: up to 1000 kgs | € 950 |
|  | Meyer 1000 Stapelwender Pile turner | Year: 1991 SN: 006/025 Excellent condition Available: direct from stock | Stationary paper pile turner with automatic pick up, automatic clamps, operating console, motor driven, Up to size: 800 x 120 cms. Max. pile height: 120 cms. Capacity: 1.000 kgs. | € 3.850 |

| | | | | |
|--|---|---|--|-----------------------|
|  | Kriff Roeger Stapelwender Pile turner | Year: 2004 SN: 371 Excellent condition Available: direct from stock | Stationary roll in – roll out automatic paper pile turner, motor driven, including all safety parameters around the machine. No pit required Up to size: 95 x 140 cms. Max. pile height: 140 cms. Capacity: 1.200 kgs. | € 3.850 |
|  | Diesse Maxi Toppy Mobile pile turner | Year: 1998 SN: 10581 Excellent condition Available: direct from stock | Movable heavy duty paper pile turner, motor driven, operation console. Including Belatron 24 Volt automatic battery loader with lcd display. Max. pallet size: 160 x 120 cms. Max loading height: 150 cms. Capacity: 1.500 kgs. | € 8.500 |
| Stitching- and stapling machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Isaberg Rapid E100 1-head stapler | Year: 1996 SN: 96138 Excellent condition Available: direct from stock | Table model 1-head stapler with adjustable stapling force, when paper is inserted up to the bump switch. Adjustable insertion depth up to 93 mms. E100 is perfect for heavy stapling demands, such as in a post room or for print finish. All protections available. Capacity: 2 – 45/50 sheets (80 gsm) Staple types: 66/6 & 8 mms staples Speed: 50 sets/min. | € 95 |
|  | Nagel TAK 18 1-head stapler | Year: 1981 SN: 813718 Excellent condition Available: direct from stock | Table model 12-head stapler with foot pedal operation. Suitable for book- and block stitching. Capacity: 2 – 150 sheets (80 gsm) Staple types: 50/6; 50/8; 50/10/ 50/12; 50/13; 50/15; 50/18 and 50/20. | € 250 |
|  | Bostitch 14 Wire-stitcher | Year: unknown SN: 6080W Good condition Available: direct from stock | Floor model electric long arm wirestitcher with foot pedal operation. Suitable for box- and cardboard stitching in order to produce cardboard boxes and cardboard crates etc. Back gauge distance: 300 mms Thickness: up to 10 mms | € 1.050 |

| | | | | |
|---|---|--|---|-----------------------|
|  | Brehmer Wire-stitcher | Year: unknown SN: unknown Good condition Available: direct from stock | Floor model electric wirestitcher with foot pedal operation. Suitable for book- and saddle stitching in order to produce books, booklets, brochures, blocks, catalogues etc. | € 750 |
|  | Brehmer Wire-stitcher | Year: unknown SN: unknown Good condition Available: direct from stock | Floor model wirestitcher with manual/ and foot pedal operation. Suitable for book- and saddle stitching in order to produce books, booklets, brochures, blocks, catalogues etc. | € 450 |
| Drilling machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Iram Rationella Maskiner AB Iram-8 1-spindle electric drill | Year: 1995 SN: 265 Available: direct from stock Good condition | 1 drilling head, 220 Volt machine, table model with mechanic pressure, waste removal, paper clamp and an easy acces adjustable register board. Drill diameter capacity: 2 – 10 mms Max. drilling depth capacity: 51 mms Back gauge adjustment: 6 - 38 mms Table size: 260 x 520 mms | € 280 |
|  | Pescha 405/14 1-spindle electric drill | Year: na SN: na Available: direct from stock Good condition | 1 drilling head, 380 Volt machine, table model with swivelling drilling head, mechanic pressure, waste removal and an adjustable register board. Drill diameter capacity: 2 – 8 mms Max. drilling depth capacity: 50 mms Back gauge adjustment: 0 - 102 mms Table size: 295 x 430 mms | € 250 |

| | | | | |
|--|---|--|---|---------|
|  | Kobold KOE 5268129 1-spindle electric drill | Year: na SN: 2653118 Available: direct from stock Good condition | 1 drilling head, 220 Volt machine, floor model with swivelling drilling head, mechanic pressure with footpedal operation, waste removal and an adjustable register board. Drill diameter capacity: 2 – 8 mms Max. drilling depth capacity: 50 mms Back gauge adjustment: 0 - 102 mms Table size: 720 x 420 mms | € 350 |
|  | Foellmer SP-2 2-spindle electric drill | Year: 1992 SN: 229 Available: direct from stock Good condition | 2 drilling heads, 220 Volt machine, table model with fixed distance between drills, mechanic pressure, waste removal and an adjustable register board. Drill diameter capacity: 2 – 15 mms Fixed distance between drills: 80 mms Max. drilling depth capacity: 60 mms Back gauge adjustment: 0 - 100 mms Table size: 400 x 600 mms | € 550 |
|  | Nagel Citoborma 280B 2-spindle electric drill | Year: 1991 SN: 914458 Available: direct from stock Good condition | 2 drilling heads, 220 Volt machine, floor model with adjustable distance between drills, footpedal operation, automatic pressure and movement of the table, waste removal and an adjustable register board. Drill diameter capacity: 2 – 14 mms Adjustable distance between drills: 45 - 120 mms Max. drilling depth capacity: 60 mms Back gauge adjustment: 0 - 102 mms Table size: 780 x 430 mms | € 1.350 |
|  | OMM Venus 2-spindle electric drill | Year: na SN: na Available: direct from stock Good condition | 2 drilling heads, 380 Volt machine, floor model with adjustable distance between drills, footpedal operation, automatic pressure and movement of the table, waste removal and an adjustable register board. Drill diameter capacity: 3 – 14 mms Adjustable distance between drills: 45 - 115 mms Max. drilling depth capacity: 80 mms Back gauge adjustment: 0 - 100 mms Table size: 350 x 650 mms | € 950 |
|  | Hang 107-30 2-spindle electric drill | Year: 1992 SN: 92 589 Available: direct from stock Good condition | 2 drilling heads, 220 Volt machine, floor model with adjustable distance between drills, hydraulic pressure, waste removal and an adjustable register board. Foot pedal operation. Drill diameter capacity: 2 – 14 mms Adjustable distance between drills: 60 - 300 mms Max. drilling depth capacity: 65 mms Back gauge adjustment: 6 - 130 mms Table size: 480 x 600 mms | € 950 |

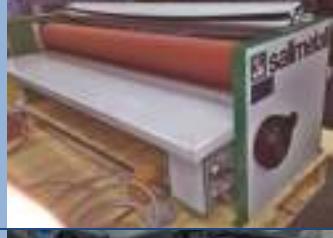

| | | | | |
|---|--|--|--|-----------------------|
|  | Hang 1060120 2-spindle electric drill | Year: na SN: 17116 Available: direct from stock Good condition | 2 drilling heads, 220 Volt machine, floor model with adjustable distance between drills, mechanic pressure, waste removal and an adjustable register board. Foot pedal operation. Drill diameter capacity: 2 – 15 mms Adjustable distance between drills: 60 - 300 mms Max. drilling depth capacity: 60 mms Back gauge adjustment: 0 - 350 mms Table size: 830 x 690 mms | € 650 |
| Letterpress machinery | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Kensol K-36-T Hot foil stamping press | Year: na SN: S5200DA Excellent condition Available: direct from stock | Hot foil unit (3 tons pressure) with automatic transport and pneumatic operation. Adjustable step less temperature control. The machine has a register table and a foil guide attachment. Company logo's, names, titles and other data can be pressed with various colours of foils into leather (agenda's, wallets etc.), cardboard, paper or any other materials that are suitable for hot foils. Max. size: 203 x 153 mms (6"x 8") | € 2.450 |
|  | Adast Grafopress GPC Tiegel/platen/letter press | Year: 1974 SN: Excellent condition Available: direct from stock | For numbering, perforating, slitting, scoring, embossing and die-cutting. With rollerstop. Min. size: 45 x 60 mms Max. size: 260 x 380 mms Paperweight: 28 / 400 gsm Speed: 1.600 – 5.000 sh/hr. | € 1.050 |
|  | Adast Grafopress GPC Tiegel/platen/letter press | Year: 1971 SN: Excellent condition Available: direct from stock | For numbering, perforating, slitting, scoring, embossing and die-cutting. With rollerstop. Min. size: 45 x 60 mms Max. size: 260 x 380 mms Paperweight: 28 / 400 gsm Speed: 1.600 – 5.000 sh/hr. | € 950 |

| Cutting, slitting, creasing | Machine/type | Year/condition/available | Description/options | Price in Euros |
|---|---|--|---|----------------|
|  | Codor Card-cutter Hand-fed card-cutter | Year: 2008 SN: na Good condition Available: direct from stock | Hand-fed cylinder cardcutter for die-cutting cards out of paper, pvc, nylon and other sheet materials. Suitable for business cards, gift cards, information cards, entrance cards, parking tickets, bank- or credit cards etc. Card fixed size: 53 x 85 mms Number of cards out of a sheet (3x6 = 18 cards) Max. sheetsize: 297x420 mms (DIN A3) Paperweight: 28 / 400 gsm Speed: 1.000 – 2.000 sh/hr. | € 3.450 |
|  | Shear-Line Super SSC-IV XL die-roller cutter | Year: 1988 (delivered 1989) SN: na Excellent condition Available: direct from stock | Hand-fed or semi-automated die-roller cutter for die-cutting, slotting, scoring, creasing or punching forms out of large size cardboard, corrugated board, plastic corrugated board (Suncap), gaskets, binding cloth, heavy paper, pvc, nylon and other sheet materials. Can be used to cut single or multiple boards. Suitable for all kind of forms like bags, plastic holders, cardboard- or plastic suit-cases etc. No set up time. Including a spare sleeve roller, tools, manual and electrical schemes. Max. size: 127x204 cms Nip width: 0 – 177 mms Speed: 720 strokes/hour | € 13.450 |
|  | Rockstroh Werke Die-cutter Hand-fed platen / die-cutter | Year: SN: Used condition (no motor-drive) Available: direct from stock | Hand-fed platen for perforating, slitting, scoring, embossing and die-cutting. Min. size: 45 x 60 mms Max. size: 810 x 530 mms Paperweight: 28 / 400 gsm Speed: 1.600 – 2.000 sh/hr. | € 2.950 |
|  | Brandtjen & Kluge WFDT 12 x 18" Automatic platen for pack-to-pack | Year: 1990 SN: 1WFDT121278G Excellent condition Available: direct from stock | Automatic platen for letterpress printing, perforating, slitting, scoring, embossing and die-cutting of pack-to-pack materials. Including spare rollers (new) and 5 pieces frames. Min. webwidth size: 64 mms Max.webwidth size: 483 mms Inside chase dimensions: 12"x18" (305x458 mms) Speed: 1.000 – 5.000 sh/hr. | € 3.250 |

| | | | | |
|--|--|--|---|---------|
|  | Graphic Whizard CreaseMaster + Creaser/cutter | Year: 2004 / 2014 (showroom model for 10 years) SN: 1807069 Excellent condition (like new) Available: direct from stock | Floor model electric creasing-and perforating equipment with 20 memories and LCD display operation. Automatic vacuum suction feed operation with top loading with perforating and creasing (up to 10 impact creases in one pass, also inverted creasing possible). Min. size: 89 x 127 mms Max. size: 457 x 570 mms Paperweight: 45 – 385 gsm Speed: 3.600 – 4.600 sh/hr. | € 4.250 |
|  | Duplo DocuCutter DC-545HC Creaser/cutter/slitter | Year: 2004 SN: 040454844 Good condition Available: direct from stock | Floor model electric creasing-, cutting-, slitting equipment with 80 memories and LCD display operation. Automatic friction feed (AF-100) operation with cutting, creasing and slitting in one pass (6 slits, 10 cuts and 4 creases in one pass). Waste removal Min. size: 120 x 210 mms Max. size: 457 x 320 mms Paperweight: 110 – 230 gsm Speed: up to 12 sh/min. | € 3.150 |
|  | Rollek A-700 Creaser/porforator | Year: 2000 SN: A700/113 Excellent condition Available: direct from stock | Table model electric heavy duty creasing-, cutting-, slitting and perforating equipment with manual feed operation for paper-, foils and cardboard sheets. Adjustable pressure of the rollers. Digital operation with speedcontrol Including: 2 perforating wheels and 4 creasing wheels. Max. paperwidth: 700 mms Paperweight: 40 – 450 gsm Table size: 790 x 950 mms | € 1.750 |
|  | Kahle C4L Post stamp perforator | Year: na SN: 241023 Excellent condition Available: direct from stock | floor model heavy duty perforating- (post-stamp) equipment with footpedal operation. Max. paperwidth: 580 mms Paperweight: 30 – 350 gsm Table size: 580 x 800 mms | € 750 |
|  | Pernuma 1480F Creaser | Year: 1961 SN: 1643 Excellent condition Available: direct from stock | floor model heavy duty creasing equipment with footpedal operation. Max. paperwidth: 610 mms Paperweight: 30 – 350 gsm Table size: 610 x 800 mms | € 950 |

| | | | | |
|--|---|--|--|---------|
|  | Foellmer 45E-FMO-electric Creaser | Year: na SN: 217 Excellent condition Available: direct from stock | Floor model heavy duty creasing equipment with electric operation. Including footpedal Max. paperwidth: 450 mms Paperweight: 30 – 250 gsm Table size: 450 x 800 mms | € 1.150 |
|  | Bickel HK65-electric Perforator (post stamp) | Year: na SN: 8075 Excellent condition Available: direct from stock | Floor model heavy duty post stamp perforating equipment with electric operation. Including footpedal Max. paperwidth: 650 mms Paperweight: 30 – 250 gsm Table size: 650 x 1.100 mms | € 1.250 |
|  | Bickel HK3/50-electric Creaser | Year: 1986 SN: 30901 Excellent condition Available: direct from stock | Table model heavy duty creasing equipment with electric operation. Including footpedal Max. paperwidth: 500 mms Paperweight: 30 – 350 gsm Table size: 500 x 700 mms | € 1.050 |
|  | Zechini Gra-for Creaser | Year: 1989 SN: RMI 501 Good condition Available: direct from stock | Table model heavy duty creasing equipment with electric operation. Including footpedal Max. paperwidth: 450 mms Paperweight: 30 – 350 gsm Table size: 450 x 600 mms | € 1.050 |
|  | EB table Creaser | Year: na SN: 3893 Good condition Available: direct from stock | Table model heavy duty creasing equipment with manual crank operation. Max. paperwidth: 450 mms Paperweight: 30 – 350 gsm Table size: 450 x 600 mms | € 250 |

| | | | | |
|--|--|--|---|-----------------------|
|  | Deritend 43 ST Creaser / scorer for boxmaking | Year: na SN: 720 Excellent condition Available: direct from stock | Floor model heavy duty, easy to handle lengthwise creasing- and scoring equipment with manual feeder and electric operation. Including adjustable 2 rill-scoring wheels and adjustable delivery table. Machine is designed to crease cardboard for cartons and cardboard boxes. Max papersize: 1040 mms width Paperweight: 200 – 650 gsm Speed: 148 rpm | € 1.850 |
|  | Deritend 34-DS Cutter / slitter for boxmaking | Year: na SN: 54 Excellent condition Available: direct from stock | Floor model heavy duty, easy to handle lengthwise cutting- and slitting equipment with manual feeder and electric operation. Including 2 knives. Machine is designed to cut / slit cardboard for cartons and cardboard boxes up to 18 cms lengthwise. Max papersize: 1300 mms width Cutting length: up to 18 cms. Paperweight: 200 – 650 gsm Speed: 370 rpm | € 1.450 |
|  | Universal Cutter / slitter | Year: na SN: na Excellent condition Available: direct from stock | Table model easy to handle lengthwise cutting- and slitting equipment with manual feeder and electric operation. Including 2 knives. Stainless steel working blade and delivery. Max papersize: 720 x 1000 mms Paperweight: 80 – 350 gsm | € 850 |
| Laminating and varnish machines | Machine/type | Year/condition/available | Description/options | Price in Euros |
|  | Neschen Seal Image 62 Plus Hot- and cold laminator | Year: 1999 SN: 1575-08-631/8.0 Excellent condition Available: direct from stock | Laminating-, mounting and encapsulating machine for hot- and cold laminating materials. Tip touch electric operation and programming, with footpedal, unwind and rewind shaft, flip-up feed table, roller temperature-, tension-, spindle pressure-, and wrinkle control etc. Max width: 1600 mms Max nip width: 29 mms Speed: 0-1.8 m/min. | € 4.250 |
|  | GBC Catena 65 Hot- and cold laminator | Year: na SN: PHG0147 Excellent condition Available: direct from stock | High speed table top A1 size laminating machine for hot- and cold laminating materials. Laminating and encapsulating possible. Digital electric operation with LCD screen, unwind and rewind shaft, tension-, spindle pressure, wrinkle control etc. All safeties and including one new roll of laminating material. Max width: 650 mms Nip width: 0 – 5 mms Max. laminating thickness: 25 – 250 micron Laminating temperature: 0 - 140 °C Speed: 0.3 – 2.6 m/min. | € 1.450 |

| Winders and rewinders | Machine/type | Year/condition/available | Description/options | Price in Euros |
|--|--|--|---|----------------|
|  | Matrix MD-460 Hot- and cold laminator | Year: 2013 SN: 1312-032801 Excellent condition Available: direct from stock | High speed table top laminating machine for hot- and cold laminating materials. Laminating and encapsulating possible. Digital electric operation with LCD screen, unwind and rewind shaft, tension-, spindle pressure, wrinkle control etc. All safeties and including one new roll of laminating material. Max width: 470 mms Max. laminating thickness: 2/0 mms Laminating temperature: 0 - 140 °C Speed: 0.3 – 1.6 m/min. | € 1.750 |
|  | Neschen K600-N Cold laminator | Year: 1998 SN: 14046 Excellent condition Available: direct from stock | High speed table top laminating machine for cold laminating materials. Simple electric operation with footpedal, unwind and rewind shaft, tension-, spindle pressure control etc. Max width: 650 mms Max nip width: 0 - 40 mms Speed: 0.3 – 6 m/min. | € 1.750 |
|  | Sallmetall S880 Cold laminator | Year: 1988 SN: 34470 Excellent condition Available: direct from stock | High speed table top laminating machine for cold laminating materials. Simple electric operation with footpedal, unwind and rewind shaft, tension-, spindle pressure control etc. Max width: 880 mms Max nip width: 50 mms Speed: 0.3 – 3 m/min. | € 950 |
|  | Xerox Photo Pro*33 Hot pouch laminator | Year: na SN: 000484 Excellent condition Available: direct from stock | High speed table top laminating machine for hot laminating pouch materials. Special for laminating photos. Possible for single and double side laminating. Tip touch electric operation and programming with LCD settings and control etc. Max width: 330 mms Max nip width: 1 mms Speed: 0.4 m/min. | € 90 |
|  | GBC HeatSeal H425 Hot pouch laminator | Year: na SN: 1702820 Excellent condition Available: direct from stock | High speed table top laminating machine for hot laminating pouch materials. Special for laminating photos. Possible for single and double side laminating. Tip touch electric operation and programming with LCD settings and control etc. Max width: 320 mms Max nip width: 1 mms Speed: 0.4 m/min. | € 50 |

| | | | | |
|--|--|---|--|-----------------------|
|  | Allan Datagraph DFS 16" / i-Tech Digital finishing system | Year: 2008 SN: D0710806C Working hours: less than 500 Excellent condition (like new) Available: direct from stock | Servo driven digital finishing systems for laminating, die cutting, slitting, weeding and re-rolling label materials. It will work in combination of all web format printers and flexo presses up to 410 mms web width. Cold laminating, die cutting, slitting etc are all done digitally without changes of die rollers etc. Web width: 254 - 410 mms Speed: 0 – 50.8 mms/sec | € 6.500 |
|  | Menzel Winder/rewinder | Year: 1998 SN: 85886 Excellent condition Available: direct from stock | 114 cms width electro-pneumatic-hydraulic floormodel winder/rewinder equipment with operating panel. Machine can be integrated into all kind of web- or roll-to-roll machinery (inspection, paper, textile, non-woven, foils, self-adhesives etc.) Web width: 1020 mms Roll diameter: 600 mms (1.000 mms) Core diameter: 75 mms Max. winding speed: 120 m/min. | € 4.500 |
|  | Roll Systems (by Böwe) 80015801-57 Unwinder | Year: 2005 SN: 10305 Excellent condition Available: direct from stock | 595 mms width electro-hydraulic floormodel driven unwinder equipment with operating panel. The roll is lifted into the machine with a hydraulic lift and only with one push on the button. The unwinder can be integrated into all kind of web- or roll-to-roll machinery (small rotation offset, flexo, digital rotation printers, mailing lines etc.). Machine is on wheels for easy placement or storage. Web width: 595 mms Max. roll weight: 450 kgs Core diameter: 75 mms | € 2.500 |
| Folder Gluers | Machine/type | Year/condition/available | Description/options | Price in Euros |

On wheels for easy use and storage.</p> <p>Max binding length: 420 mms Thickness: 0.1 – 50 mms (2 up to 500 pages) Cover thickness: 70 – 250 gsm Binding speed: up to 160 sets/hr.</p> | € 1.650 |
|  | <p>Boway BW-986 Perfect binder https://youtu.be/xWM1bivx0Hk</p> <p>Year: 2014 SN: 135501618</p> <p>Excellent condition Available: direct from stock</p> | <p>Semi-automatic floor model 1-clamp perfect binder with also side glue for hot glue with electric transport, dust free milling (with exhaust), inline creasing and pressing. On wheels for easy use and storage.</p> <p>Max binding length: 420 mms Thickness: 0.1 – 60 mms (2 up to 600 pages) Cover thickness: 70 – 250 gsm Binding speed: up to 380 sets/hr.</p> | € 1.850 |
|  | <p>Muro 35x50 Block binder padding press</p> <p>Year: unknown SN: unknown</p> <p>Used condition Available: direct from stock</p> | <p>Simple manual floor model padding press and cold glue binder for blocks and with manual pressing. On wheels for easy storage.</p> <p>Max binding height: 500 mms Max. width: 305 mms</p> | € 150 |

| | | | | |
|--|--|--|---|---------|
|  | Mekanotch Junior Milling and notching machine | Year: 8803314 SN: 1988 Excellent condition Available: direct from stock | Industrial electric spine milling and notching machine with an adjustable clamp system for preparing and improving books, blocks and piles of paper before gluing or binding with glue or a perfect binder. Depth of milling can be adjusted. Suitable for all types of paper (standard, glossy, coated or calendered paper) All safeties (2 knob operation, shields etc.) Milling depth: 0 – 4 mms - notching intervals: 15 mms Min. max paper length: 152 - 380 mms Thickness: 3 – 79 mms (25 up to 600 pages) Binding speed: up to 300 sets/hr. | € 1.450 |
|  | Renz SRW Combi Combi Wire'O punch/closer | Year: unknown SN: unknown Good condition Available: direct from stock | Simple manual table model 3:1 Wire'O punch and closer for 38 square holes and binder A4+ size. Waste tray and easy adjustable side-lay. Punch capacity max. paper: up to 22 sheets of 80 gsm. (covers up to 2 sheets per cycle) Binding and closing capacity: up to 135 sheets (combs of 38 mms) Punching speed: up to 12.000 sh/hr. Binding speed: up to 200 sets/hr. | € 225 |
|  | Lamirel Combi Combi punch/binder | Year: unknown SN: unknown Good condition Available: direct from stock | Simple manual table model punch and binder for 24 rectangle holes and binder A4+ size Punch capacity max. paper: up to 10 sheets of 80 gsm. (covers up to 2 sheets per cycle) Binding capacity: up to 115 sheets Punching speed: up to 5.000 sh/hr. Binding speed: up to 250 sets/hr. | € 85 |
|  | GBC Surebind System Two Punch and finisher | Year: 2005 SN: ND05776 Excellent condition Available: direct from stock | Electric table model surebind punch and finisher for binding pre-punched paper with 10 pins spines up to A4 size. Including automatic reverse to prevent paper jams, ready light when binding is complete, waste removal Punching capacity: 22 sheets (80 gsm) Binding capacity (adjustable): 4 up to 200 sheets Binding speed: up to 250 sets/hr. | € 350 |
|  | Prima Opera 41 Paperlock binder | Year: na SN: na Excellent condition Available: direct from stock | Heavy manual table model binder for binding pre-punched paper with self-adhesive papercombs without glue, metal- or plastic bindings up to A4 size. Binding capacity (adjustable): 4 up to 500 sheets Binding speed: up to 250 sets/hr. | € 85 |

| Joggers | Machine/type | Year/condition/available | Description/options | Price in Euros |
|--|--|---|---|----------------|
|  | Powis Parker Fastback 15xsE Binder | Year: unknown SN: 13605 Good condition Available: direct from stock | Professional table model fully automated thermal fastback binder for Superstrips and Perfectback strips for non-stop simultaneous binding, perfect binding and hard cover binding in one handling. Digital LCD display an automated settings. The ready-bound documents are put in a cooling down stand. Min./max spine size: 152 – 378 mms Thickness: 1.5 – 15 mms Speed: 100 sets/hour | € 350 |
|  | Unibind XU 638 Binder | Year: unknown SN: unknown Good condition Available: direct from stock | Simple table model thermal hotmelt glue binder A4+ size with 6 clamps and 6 heated stations. Binding is achieved through the use of wrap round covers with glue inserted into the spine. This is heated with the thermal binder and the sheets are glued together and gives a professional looking document. | € 70 |
|  | Thermo Prima 21 Binder | Year: unknown SN: unknown Good condition Available: direct from stock | Simple table model thermal hotmelt glue binder A4+ size with 1 clamp and 3 programs. Binding is achieved through the use of wrap round covers with glue inserted into the spine. This is heated with the thermal binder and the sheets are glued together and gives a professional looking document. Lot of consumables coming with it. | € 50 |
|  | Universal Book casing-in machine | Year: unknown SN: unknown Good condition Available: direct from stock | Semi-automatic floor model casing-in machine that presses the linen covers around the pre-glued books. Pneumatic with 2- knob operation. Max. 400 mms binding length and 5 - 35 mms thickness. | € 400 |
|  | Bookpress 24x24 Bookpress | Year: unknown SN: unknown Excellent condition Available: direct from stock | Traditional and manual table model bookpress Max. seize: 240 x 240 mms Max. 100 mms height. | € 100 |

| | | | | |
|--|--|--|---|-------|
|  | Foellmer C 1 Vibrating table | Year: unknown SN: 1045 Excellent condition Available: direct from stock | Table model vibrating table, for manual straight vibrating of piles of paper. Vibrating is adjustable. Max. papersize: 52 x 36 cm | € 125 |
|  | Planatol Planatol Jogging unit | Year: unknown SN: 01488 Fair condition Available: direct from stock | Table model jogger, for corner and manual straight jogging Max. papersize: A3 | € 50 |
|  | Ideal Vibro 3 Jogging unit | Year: 1973 SN: 10459 Excellent condition Available: direct from stock | Table model jogger, adjustable in vibration and angle. Max. papersize: A3 | € 75 |
|  | Lindaco A3+ Jogging unit | Year: 1996 SN: unknown Good condition Available: direct from stock | Floor model jogger, adjustable in vibration and angle. Max. papersize: 35 x 45 cms | € 200 |
|  | Bourg jogger Jogging unit | Year: unknown SN: 293040310 Good condition Available: direct from stock | Floor model criss cross jogger for online use with Bourg equipment, adjustable in vibration and angle. Max. papersize: 35 x 50 cms | € 350 |

| | | | | |
|--|--|---|--|---------|
|  | Universal A3+ Jogging unit | Year: unknown SN: unknown Good condition Available: direct from stock | Floor model jogger, adjustable in vibration and angle. Max. papersize: 35 x 50 cms | € 200 |
|  | Universal A3+ Jogging unit | Year: unknown SN: unknown Good condition Available: direct from stock | Floor model jogger, adjustable in vibration and angle. Max. papersize: 47 x 47 cms | € 250 |
|  | Schneider Senator Vibra Jogging unit | Year: 1987 SN: 91061 Good condition Available: direct from stock | Floor model jogger, including airtable, footpedal operation, adjustable in vibration and angle. Including manual side flap at right side. Max. papersize: 115 x 80 cms | € 1.150 |
|  | Polar RB-2 Jogging unit | Year: 1994 SN: 6481197 Good condition Available: direct from stock | Floor model jogger with air supply (also on the sides) and automatic inclination. All adjustable in angle and height. Both side flaps work manually. With foot pedal and heavy duty compressor unit for pressure and air supply. Max. papersize: 720 x 870 mms Min. / max pile height: 30 – 165 mms Table height: 860 – 950 mms | € 1.750 |
|  | Schneider Senator 1073 Jogging unit | Year: 1990 SN: 183-1223 Excellent condition Available: direct from stock | Floor model jogger with stainless steel table, air supply (also on the sides) and airstrike roller, automatic inclination adjustable in angle. Both side flaps also work automatically. With operating panel and heavy duty compressor unit for pressure and air supply. Max. papersize: 120 x 85 cms | € 2.750 |

| Packing, mailing and binding | Machine/type | Year/condition/available | Description/options | Price in Euros |
|--|---|---|---|----------------|
|  | Ranpak FillPak TTKS-0209 Kraft paper packing machine | Year: new SN: F1627516 Excellent condition (new and never used – in original packing) Available: direct from stock | Mobile floor model electric voidfill- and cushion packaging machine that produces up to cushion air filled kraft paper for packing all products into boxes from fanfold kraft paper. Free hands for packing and cutting with foot pedal operation. Thickness kraftpaper: 50 – 70 gsm Speed: 1.4 m/sec. | €750 |
|  | Beck Packautomaten HV 400 Shrink tunnel | Year: 1989 SN: 8891174 Excellent condition Available: direct from stock | Floor model shrink tunnel for foil and polywrapper for wrapping print work, boxes, bottles etc. into polyethylene materials. On wheels and can be placed into an inline situation. 2x Static eliminators and driven roller system. Size: 350 width and 150 mms height Speed: 10-35 m/min. | € 1.850 |
|  | IFP Packaging Machinery TM 40/20 Shrink tunnel | Year: 2010 SN: 3345 Excellent condition Available: direct from stock | Floor model shrink tunnel for foil (PPT, PPE and Cryovac) and polywrapper for wrapping print work, boxes, bottles etc. into polyethylene materials. On wheels and can be placed into an inline situation. 2x Static eliminators and independent driven roller system. Size: 400 width and 200 mms height Speed: 4-20 m/min. | € 2.250 |
|  | BVM Mailmaster 4004 Mailing- and wrapping machine | Year: 2001 SN: 010402498/B01 & 43509 Excellent condition Available: direct from stock | Automatic mailing wrapping line with 3 feeders (handfeed or automatic with Sitma 0019-156 & GUK SVA/35-SP feeders) for wrapping magazines, catalogues, brochures or other mailing products. Size change is done automatically with the operating panel. All is packed tight, so no shrinking is required. Constant temperature control. This line is suitable for the graphic industry, logistics, mailings, post etc. Size: from 80 mms up to DIN A3 long and max. 60 mms height Size bag length: 80 – 550 mms (adjustable) Speed: up to 130 cycles/minute | € 30.000 |
|  | Minipack - Torre Mailbag Mailing- and wrapping machine https://youtu.be/rS8fc9hyaSk | Year: 2003 SN: 00187/D Excellent condition Available: direct from stock | Manual feed mailing wrapping system with handfeed for wrapping magazines, catalogues, brochures or other mailing products. Size change is done with the available size tools and forming boxes and the operating panel. All is packed tight, so no shrinking is required. Machine has: conveyor belt delivery, counter, 9 selectable programs with each 11 steps, speed- and temperature controls, all safeties. This machine is suitable for the graphic industry, logistics, mailings, post etc. Min./max. size: 160 x 100 / 250 x 360 mms Thickness: up to 15 mms Speed: up to 20 cycles/minute | € 3.150 |

| | | | | |
|--|---|---|--|---------|
|  | Kern 620 Collator and mailing system | SN: 620.0092 Good condition Available: direct from stock | Floormodel collator (1 station max. A3 size and 1 station 30x20 cm) with friction collating; double sheet detection; counter and delivery. Coming with envelope feeder (min 76x140 mms up to 162x229 mms; 50 – 100 gsm), folding- and filling station for cards to this envelopes 70x70 mm size (min). 430 x 320 mm size (max). Paperweight: 70 – 240 gsm | € 1.250 |
|  | Kirk Rudy 203 Feeder head | Year: na SN: 1291 365 Excellent condition Available: direct from stock | Labelling and Pick-and-Place head for integration into direct mail equipment or packing lines. This tip-on head can feed cards or similar flexible paper items to an online mailing- or packing line. The items are shuttle fed onto a vacuum pushing system. Connection with mis-feed signal in order to stop the complete line. Min. size: 5.1 x 5.1 cm Max. size: 18 x 20,3 cm Speed: 12.000 sh/hr. | € 350 |
|  | Kingpin 828S Strapping machine https://youtu.be/R2FTCe-4qY8 | Year: 1987 (delivered 1988) SN: 61105 Good condition Available: direct from stock | Floor model manual strapping for packing/thermo closing boxes with print work or bind piles of (printed) paper, brochures, magazines, books etc. with a wire strapping material. Sensor controlled operation. Including large unwind for bigger rolls with binding materials. 6 new rolls of binding material coming with the machine. Length of strap: 0,2 - 2 m. | € 650 |
|  | ACL Pack STR-8060 Strapping machine | Year: 2005 SN: 30206 Excellent condition Available: direct from stock | Floor model automatic strapping for packing/thermo closing boxes with print work or bind piles of (printed) paper, brochures, magazines, books etc. with a wire strapping material. Sensor controlled operation, so the machine is suitable for a inline solution. Including large unwind for bigger rolls with binding materials. 6 new rolls of binding material coming with the machine. Size: 600 x 500 mms (wxh) | € 1.200 |
|  | Signode KRS 50x40 Strapping machine | Year: 1990 SN: 503195 Fair condition (machine needs some small repairs) Available: direct from stock | Floor model strapper for inline strapping print work, packages of magazines/newspapers etc., with binding straps up to 50 mms width. Including unwind for rolls. Easy pick up, transport, and delivery of the packs due to rolling conveyor belt. Size: 500 x 400 mms (wxh) | € 750 |

| | | | | |
|---|--|--|---|---------|
|  | Super Power Stretch Film wrapping material | Year: 2015 SN: unknown Excellent condition (new) Available: direct from stock | 30 rolls of black wrapping foil for automatic wrapping boxes, pallets or other equipment with an automatic polywrapper. Roll width: 500 mms | € 1.150 |
|  | Alpha-Dot Inline printer | Year: unknown SN: unknown Good condition Available: direct from stock | Conveyor and driven roller belt (up to 400 mms width) with flexible inkjet printer (including remote keyboard for text input). Machine is used for batch printing on cardboard boxes. Can be integrated in another line and is adjustable in height. | € 1.650 |
|  | Prior Scales | Year: unknown SN: unknown Excellent condition Available: direct from stock | Floor model on wheels (retractable). One stationary weighing scale with rollers for in line situation. | € 350 |
|  | Endra KO-76 Manual strapping machine | Year: na SN: 27104 Excellent condition Available: direct from stock | Manual hand strapper for packing/closing boxes into band strapping materials with clips. Including large unwind on wheels for flexible use and suited for bigger rolls with binding/strapping materials. Cardboard with 6 new rolls binding materials is coming with the equipment. | € 350 |
|  | Universal Paper band taper | Year: na SN: na Good condition Available: direct from stock | Manual paper band taper to close packages and boxes etc. with pre-glued paper band. The paper band can be adjusted in length from 0 up to 40 cms and will be cut off at that length. Including 17 rolls of new paper band. | € 80 |

| Pumps and miscellaneous | Machine/type | Year/condition/available | Description/options | Price in Euros |
|---|---|--|---|----------------|
|  | Mixers for glue or coatings. | Year: unknown SN: unknown Excellent condition Available: direct from stock | Mixers for glue or coatings. 2 available. | € 500 |
|  | Kaeser ASK 27 Air screw compressor | Year: 2005 SN: 1133-100902.0 Good condition Available: direct from stock | Air screw compressor, including cooler, filters, integrated air dryer, with separator system for fluids with level indicator. Suitable for large pressure air needed machinery in bindery, pre-press, press area etc. All in a noise box. Delivery: 2.86 m3/min Motor: 2.945 rpm Pressure: 11 Bar Consumption: 15 Kw | € 3.500 |
|  | Kaeser TC 44 Air dryer | Year: 1998 SN: 44724-1797510030 Good condition Available: direct from stock | Refrigerated compressed air dryer, suitable for compressors in large pressure air needed machinery in bindery, pre-press, press area etc., that need conditioned and filtered air supply. Internal moisture separator. All in a noise box. Productivity: 4.400 l/min. Motor: 2.945 rpm Pressure: 16-25 Bar Consumption: 5.7 A | € 1.390 |
|  | Kaeser Aquamat 2 Oil water separator | Year: 2005 SN: 3600 Good condition Available: direct from stock | Compressed air condensate is a by-product of all compressors. It is a mixture of oil and water with ambient particulates and hydrocarbons that have been concentrated during the compression process. Much of the oil is the result of oil vapours and aerosols present in the compressor intake air. This type of oil-water mixture may be classified as hazardous waste, federal and local environmental laws often prohibit the discharge of untreated condensate into surface drains. Kaeser's Aquamat 2 condensate management system offers a reliable and economical method of oil/water separation and can be used in combination up to 3 compressors. Productivity: 1 – 90 m3/min. | € 550 |

| | | | | |
|--|---|---|---|---------|
|  | Rietschle SKG-200-2.18 Pressure pump | Year: 1982 SN: 434182 Good condition Available: direct from stock | 1 pump suitable for pressure air needed machinery etc. in pre-press area, press area or binding area. Delivery: 2.820 l/min Pressure: 97 mbar Consumption: 0.37 Kw | € 500 |
|  | Rietschle DCL 40/DV Vacuum / pressure pump | Year: na SN: 1900 Excellent condition Available: direct from stock | 1 vacuum / pressure pump suitable for pressure and vacuum air needed machinery etc. in binding area. Delivery: 40 m3/hr – 0.6 bar/-0.6 bar Rotational shaft speed: 1.400 turns/min. Consumption: 380 V – 1.5 kW | € 1.050 |
|  | Rietschle TR 25DV (30) Vacuum / pressure pump | Year: 1987 SN: 040510 Excellent condition Available: direct from stock | 1 vacuum / pressure pump suitable for pressure and vacuum air needed machinery etc. in pre-press area, press area or binding area. Delivery: 25 m3/hr – 0.6 bar/-0.6 bar Rotational shaft speed: 1.450 turns/min. Consumption: 220 V – 1.1 kW | € 800 |
|  | Rietschle TR 25DV (02) Vacuum / pressure pump | Year: 1982 SN: 726918 Excellent condition Available: direct from stock | 1 vacuum / pressure pump suitable for pressure and vacuum air needed machinery etc. in pre-press area, press area or binding area. Delivery: 25 m3/hr – 0.7 bar/-0.6 bar Rotational shaft speed: 1.400 turns/min. Consumption: 220 V – 1.1 kW | € 800 |
|  | Gast 1022 Mag drive pump | Year: 1989 SN: 89-18210 Good condition Available: direct from stock | 1 vacuum / pressure pump suitable for pressure and vacuum air needed machinery etc. in pre-press area, press area or binding area. Delivery: 15 m3/hr – 0.6 bar Vacuum: 116 mbar Rotational shaft speed: 1.425 turns/min. Consumption: 220 V – 0.6 kW | € 500 |

| | | | | |
|--|---|--|--|-------|
|  | March MDXT-3 Fluid pump | Year: na SN: QQ 113344 Good condition Available: direct from stock | 1 seal-less pump suitable for pumping (chemical) fluids for fluid needed machinery etc. in pre-press or press area. Delivery: 30 l/min. (max. head: 4 m.) Pressure: 0.55 bar Rotational shaft speed: 3.500 turns/min. Consumption: 220 V – 0.8A, 0,03 kW | € 100 |
|  | Iwaki 2MD-15RU Fluid pump | Year: na SN: 0381195 Good condition Available: direct from stock | 1 seal-less pump suitable for pumping (chemical) fluids for fluid needed machinery etc. in pre-press or press area. Delivery: 20 l/min. (max. head: 2-2.5 m.) Pressure: 0.55 bar Rotational shaft speed: 3.000 turns/min. Consumption: 220 V – 0.8A, 0,02 kW | € 100 |
|  | Bonfiglioli Bonfitronic 3.180.3000 Motor drive | Year: na SN: 1232 Good condition Available: direct from stock | 1 drive motor suitable for belt drive of different kind of equipment in press- or binding area. Rotational shaft speed: 3000 turns/min. Torque: 4.5 Nm Consumption: 220 V – 4.9 A, 750 W | € 250 |
|  | Haug Static Line EN SL LC & VS 035200 Anti-static device with bar | Year: 2001 SN: V13879/22 Excellent condition (new) Available: direct from stock | Anti-static ionization device with an ionization bar for mounting on small size label machines, offset machines, folding machines, packaging machines, winding- and rewinding machines, copiers etc. Can be used and mounted on any device that needs reduction of electrostatic charges in substrates (films, paper, cardboard, steel sheets, glass panels etc.). Working width: 310 mms | € 300 |
|  | Heidelberg Roller-Matic Rewinder for washing cloth | Year: 2000 SN: Excellent condition Available: direct from stock | Automatic and motorized rewinder with spindles for producing rolls of wash material for rubber- and impression cylinder washing devices on offset presses (e.g. Heidelberg SM 52, SM 74, SM 102/104 or other brand machines like Sakurai, Ryobi, Shinohara, Roland, KBA etc.). Working width: up to 1100 mms | € 950 |

All prices are excluded VAT. In "as is" condition, subject to prior sale and **FCA (Incoterms 2010)**. All machines are owned by us and can be seen in our warehouse in Venray - the Netherlands. Our delivery terms can be read on: <http://www.mctrade.nl/delivery-terms.html>. We are glad to send you a print of our terms. You can receive our newsletters and stock list by adding your email address to our mailing list: <http://www.mctrade.nl/subscribe.html>.

Machines in stock at: 16 July 2018
