

Dear Colleagues and Partners,

We proudly present, as owners, next professional (low-chemical) 4-up violet CTP installation, complete with all items:

Xante - Speedsetter VM4

Machine information:

This professional and complete CTP installation produces 4-up (927 x 635 mm) size press ready offset plates for the offset printing machinery. This violet laser CTP produces high quality offset plates with a high precision registered manual internal drum system. Processing can be done with the low-chemical offline Glunz & Jensen FCF 85V plate processor. All plates are delivered into a standard delivery. Settings can be made for different kind and sizes of offset machinery etc.

Specifications:

Type: Xante Speedsetter VM4 platesetter for low-chemical offset plates.

Quality: 2.540 DPI (405 nm violet laser diode, 60 mW)

Min - max. size: 241 x 381 mms - 927 x 635 mms

Speed: 27 plates/hr.

Including: internal drum system, Glunz & Jensen FCF 85V low chemical plate processor, cooling unit and standard delivery. Digital operation and controls, including Symphony RIP and workflow installed on PC, dongle, cables, key-board etc.

Hours/plates: x plates

All safeties on the machinery (shields, sensors etc.)

Year / SN: 2011 / 501122 & 94884-0037

Technical- and optical condition:

Technical: 9/10 dismantled

Optical: 9/10

Price & terms:

Our price: euro 5.850,--

Terms: FCA (Incoterms 2010)

Availability: direct from stock, ready for transport

Location: our warehouse - the Netherlands

Additional information:

If you need any more information or photos, please send us an [E-mail](mailto:info@mctrade.nl) or check our website www.mctrade.nl and let us know. Click on the above shown photos and download them (and more) from our website. Of course, we can combine this nice machine with other used machinery to load a container or truck. Please, ask for it.
