Trump to the police, 7/7/17:  
**"Please don't be too nice."**

As our nation fights back against the racist, sexist, fascist Trump forces, it is more urgent than ever that we win CPAC, the Civilian Police Accountability Council.

The Civilian Police Accountability Council will give the people of Chicago control over the police. CPAC will decide how our communities are policed and will hold the police accountable for the crimes they commit.
