

2018 Schedule of Fall Courses at V.E.D.A

Nineteenth series of courses start on **October 06, 2018**

Schedule:

Saturdays	09:45 – 10:45 AM	bhagavadh geetha Chapter 3 ¹
Saturdays	11:00 – 12:00 Noon	pooja viDhi
Saturdays	12:15 – 01:15 PM	purusha sooktha ^{2,3}

1. Not open to new attendees since, this course is continuation of the summer schedule
2. Concurrent enrollment for pooja viDhi course is recommended since purusha sooktha is used to perform pooja for all male deities
3. vedhaantha recommends women also to learn puruSha sooktha so that they could perform a complete shodaShopachara pooja to male deities

Note:

1. Courses are offered in English, free of tuition charges, for ages 18 and above. However, a nominal registration fee of \$100 per course will be levied.
2. Earlier students are welcome to attend the course/s free of charge either to make up for missed sessions or to revise the whole course.
3. Course Instructor: Kumar Padmini

Register: Mail your name and course/s of interest to omtat.brahma@gmail.com

About the Course Instructor:

Inspired by Swami Chinmayananda's upanishadh sessions and geetha gyaana yagnas, Kumar Padmini's journey to acquire and practice vedhaanthic insights started in the early eighties. Later, Kumar strengthened his vedhaanthic convictions under distinguished gurus of Arsha Vidhya Gurukulam. He learned vedha manthra recitation from Brahma Sri Marepalli Naga Venkata Sastri. He has created a curriculum of courses that offers tried, tested, and proven vedhaanthic tools for an ardent spiritual seeker's 'Divinity Tool Box'. With missionary zeal and compelling conviction, Kumar promotes the gradual practice of 'yoga jeevana' by using the Divinity Tool Box. yoga jeevana enhances the 'Joy Quotient' of a person for a stress-free life and living in the highly competitive fast-paced Silicon Valley environment. He specializes in relating vedhaanthic principles with modern scientific concepts that include The Big Bang Theory, Neuroplasticity, and Consciousness Studies. This makes his vedhic heritage sessions compelling to even young minds (18 years and older). Kumar Padmini is a resident of Bay Area and technology professional for over 45 years.
