

# SPECIAL EVENT

## MACOMB COUNTY CYBERSECURITY COMPLIANCE AND RISK MANAGEMENT FOR DOD CONTRACTORS—NIST REQUIREMENTS

DFARS regulations require that all Department of Defense (DoD) suppliers implement NIST Special Publication 800-171 controls by December 31, 2017. This mandate is not only critical to supporting U.S. Government missions—particularly the warfighters who defend our nation—but also to ensuring the security of your intellectual property. As the deadline approaches, it will become more difficult to implement the controls in a cost-effective way that actually offsets risk. If your organization hasn't already started, further delays will impact your ability to think carefully about what you need and how to do it.

This event will feature guest speakers who will explain the requirements, the consequences of not complying, and the steps necessary to determine and achieve compliance.

### PLEASE NOTE:

1. Implementation is required by December 31, 2017.
2. This new rule applies to all DoD contractors.
3. Don't be surprised or barred from contracting opportunities.
4. Be ready!

The Macomb Regional PTAC, which serves as a Procurement Technical Assistance Center (PTAC), is funded in part through a cooperative agreement from the Department of Defense (DoD) through a program that is administered by the Defense Logistics Agency (DLA). The content of any written materials or verbal communications of the PTAC does not necessarily reflect the official views of or imply endorsement by the DoD or DLA.

Additionally, the Macomb Regional PTAC is proudly assisted by the Michigan Economic Development Corporation (MEDC). **MEDC**
