

Network with Top Industry Experts
at the 2018 Evonik Oil & Gas Symposium

Innovative Chemical and Material Solutions for Oil & Gas
Oct 30-31, 2018 | Houston, TX

Registration
by Oct 16
is required
to attend

We cordially invite you to attend the 2018 Evonik Oil & Gas Symposium, October 30-31 in Houston, TX. Space is limited, REGISTER today.

Omni Houston Hotel at Westside

13210 Katy Freeway (I-10)

Houston, TX 77079

Reservations: +1-800-THE-OMNI or [Online](#).

This Symposium will feature industry experts and networking opportunities to discuss the latest innovations, trends, and challenges. Experts from leading corporations will include:

Halliburton

Baker Hughes GE

Spears & Associates

Texas A&M University

Hoerbiger Corporation

Kosta Tech

Western Falcon

Polyflow

Fritz Industries, Inc.

Linde Engineering

United Pipeline Systems, Inc.

Innospec

Flotek

AirBorne

And more!

This event is FREE to all attendees. Registration is required by October 16.

Day 1: "Innovative Chemical and Material Solutions for Oil & Gas"

(Breakfast, Lunch & Networking Reception included)

Presentation topics include:

- Innovations in CO₂ Membranes for Natural Gas Industry - Solving Customer Problems
- Industry Trends and Challenges for Thermoplastic Polymers in Harsh Down Hole Environments
- A Complementary Method of Assessing Clay Stabilizers Used in Hydraulic Fracturing Applications
- Altering Friction Reducer Viscosities by Controlling Polymer Concentration, Brine Composition and Mixing Energy
- A Winning Strategy for Smaller Size Oil Field Chemical Suppliers

Day 2: "Innovative Chemical and Material Solutions for Oil & Gas" *(Breakfast included)*

Presentation topics include:

- Chemical Systems for Controlling Unwanted Fluid Production
- High Performance Polymer Liners for Onshore & Offshore Pipe for Corrosion Protection and Reliability Improvement
- Using Nano Drug Release Technology for Effective Hydraulic Fracturing Fluid Cleanup in Conventional & Unconventional Reservoirs
- Oilfield Applications for Synthetic Silica - Advancing Down-hole Technology
- A Novel High Pressure Perforation Diverter for Low Temperature Wells

The Omni Houston Hotel at Westside has a limited block of rooms available for this event. Reservations can be made by calling 1-800-THE-OMNI or by [visiting the Symposium hotel reservation page](#).
