### Jump Ahead Summer Program

❖ *In spite of everyone's best efforts, did your child struggle more than he/she should have this past school year?*

❖ *Are you wondering what you can do to help your child succeed academically?*

For over 40 years, our dedicated staff, outstanding curriculum, and individualized teaching techniques of the **Brookfield Learning Center's "Jump Ahead Summer Program"** have made the difference for area students.

By design, our program is time efficient and cost effective.

In just a few hours each week for about a month this summer, your child will gain an average of  $\frac{1}{2}$  year growth in math, reading comprehension, vocabulary, and/or writing skills.

Afternoon sessions will be available every Tuesday and Thursday.\* If necessary, we are often able to accommodate students participating in various athletic programs, camps, etc. We can also work around family vacations.

- **1:1 tutoring will be available before or after regular scheduling, based on teacher availability and subject area needs. (Special hourly rate)**

*\*Specific requests for academic needs will be honored based on teacher availability.*

Our classroom facilities are air conditioned. 😊

We are conveniently located at  
Brookfield Christian Church  
14135 W. Burleigh Street  
Brookfield, WI 53005
