The Vine Cliff Winery property was originally purchased from the George Yount Estate in 1870. The prior history of the winery and the associated names which built it; Burrage & Tucker, Fry and the Napa Valley Wine Company lasted only 30 years. In 1985, nearly 85 years later, Nell Sweeney purchased the estate and began the process of resurrecting the stone remains. Tonight she joins us to tell the stories and share her world class wines alongside consulting Winemaker Mia Klein
