## Tijuana Estuary Explorers Teacher Training

**2:00 – 5:00pm**

“Tijuana Estuary Explorers” is an in-class and field trip program, **targeted at 3<sup>rd</sup> – 6<sup>th</sup>** grade that meets state standards, is DAIT approved, and incorporates reading, expository writing and science into four comprehensive hands-on activities about the Tijuana Estuary and its watershed.

A mandatory teacher training is required for all teachers who wish to participate in this program. The training will guide teachers through the student journal which includes both an in-class and a field trip portion (mostly outside). A teacher’s guide and student journals will be given out at the training so teachers should bring a box or bag to accommodate. After completing this, you will be able to bring your class on a field trip every year.
