Dear Friend:

The New Interdisciplinary School (NIS), a not-for-profit school serving children with disabilities from birth to age five, is having our 22<sup>nd</sup> Annual Golf Outing at the **exclusive St. George's Country Club on Monday, June 18, 2018**. NIS's golf outing is our largest annual fundraiser, and we rely on the funding we receive for this event to continue the critical programs and services we provide to our students and their families. *All proceeds support Pet Pals, a canine therapy program committed to the use and research of therapy dogs in the treatment of children with disabilities.* Please consider supporting NIS by attending or sponsoring the outing, or by providing us with a raffle or monetary donation to help us fulfill our goal.

Ongoing research has supported the efficacy of our AAI program for special needs students who weren't making progress using typical means of therapy. Using dogs as motivators for these children has resulted in marked progress across several areas of development. Implementing new, innovative programs such as this would not be possible without the generosity of our supporters. You can see pictures and videos of this program and many others on our Facebook page, so please 'like' our page today.

The tax ID number of Friends of NIS, Inc. is 11-2988931. Please make your check payable to Friends of NIS and mail it to my attention to the address above. You can also make your donation on our website at [www.niskids.org](http://www.niskids.org). I can be reached at (631) 924-5583, ext. 128 or via e-mail at [SusanC2@niskids.org](mailto:SusanC2@niskids.org). I look forward to hearing from you soon.

The New Interdisciplinary School is an innovative early childhood learning center that respects the unique needs of all children and their families. Our commitment is to provide therapeutic and educational services in a nurturing environment with the highest standard of expertise. We believe each child, regardless of disability, race or socioeconomic status, has the right to develop to his/her full potential. Thank you for your consideration.

Sincerely,

*Susan Cali*
