Greetings Everyone,

I hope this message finds you well and off to a wonderful start to the week. While I understand that some of you do not actually break during ‘Fall Break’, I want to encourage you to find some time to recharge and rejuvenate this week. Here are just a few tips and reminders.

- **Get some sleep.** There is such a thing as catching up on sleep. While a few days of catching some zzz’s when you are consistently and significantly deprived won’t solve all your problems, it certainly is a start. And...if you can get one or two of those glorious mid-day naps in over the break, that would be helpful as well.

- **Organize/clean your room.** Rid yourself of the clutter you have accumulated since the beginning of the semester. Believe it or not, a clean room will relieve stress and provide the much needed space for relaxing physically and mentally.

- **Catch up on some of your favorite shows.** It is ok to binge watch your favorite show in your clean room :).

- **Clear your calendar.** Try to have at least one day with zero or as few commitments as possible. Allow yourself the freedom to do whatever you want or nothing at all, with no external pressure of having to ‘be’ somewhere.

- **Treat yourself to something you have wanted to do but just haven’t had the time.** It can be taking the time to get a pedicure or polishing your own toes, trying a new restaurant or food truck, painting, bird watching, visiting a new spot on campus (i.e. Art Gallery), baking, and/or reading a book (for leisure!).

- **Do homework or study.** Yes, this is a necessary part of the break too. Perhaps save it for the end of break. It will give you an opportunity to lighten your load and alleviate stress when you return.

Cheers to a great break!

Dean Miller

COMMUNITY CONVERSATION: GRADUATE STUDENTS MEET WITH LOCAL CIVIL RIGHTS COMMISSION

In the warm and neighborly atmosphere of Conte’s Pizza on Witherspoon Street, six Princeton University graduate students met with the town of Princeton’s local Civil Rights Commission on Tuesday. Over pizza and cold drinks, a spirited conversation occurred concerning what issues the commission is responsible for, what civil rights issues Princeton faces, and what students can do to become more involved.

The meeting was organized by Chris Tokita, a Ph.D. candidate in the Department of Ecology and Evolutionary Biology at Princeton University and a Diversity Fellow for the Graduate School, in collaboration with the Pace Center for Civic Engagement.

“Graduate students are an important part of our campus community,” said Geralyn Williams, program coordinator at the Pace Center. “They have a wealth of skills, knowledge and energy to invest into our communities. And from the conversation tonight it’s clear that they are interested, involved, and ready to do more within our local communities; and our local communities welcome them if they are ready to listen, learn, and serve beside them.” Read more.

CALL FOR APPLICATIONS: GRADUATE FELLOWS IN DIGITAL HUMANITIES - SPRING 2019

The Center for Digital Humanities (CDH) seeks applicants for Graduate Fellows in Digital Humanities. Graduate Fellows explore a field of DH research or professional development during their term. No previous experience with DH or specific technical skills are required.

Fellows are expected to be active participants in the life of the CDH by attending events and workshops and reaching out to CDH staff and fellow students as they explore their DH topic. Fellows are strongly encouraged to attend monthly Collaboratory meetings organized by the Graduate Caucus that provide the opportunity to workshop ideas with peers. Fellows will submit a short report of their activities and outcomes at the conclusion of the term.

The term of the Graduate Fellowship in DH is one semester. Fellows should expect to devote approximately 3 hours per week to their fellowship activities. The award is $750/semester. The CDH expects to host up to five fellows per semester.

Applicants must be enrolled students, from any department and at any stage of their graduate career. Applications must also include a brief endorsement from their DGS (in the case of pre-generals students) or dissertation adviser (in the case of post-generals students). Successful applicants will begin their term in Spring 2019.

Please submit application materials, exclusive of endorsement from the DGS/dissertation adviser, as a single PDF to Dr. Rebecca Munson (rmunson@princeton.edu), the CDH’s Project and Education Coordinator, no later than November 15, 2018.
