Greetings Everyone,

Happy Monday! I hope this message finds you well and gearing up for a great week. This issue is full of great events that the ADI team has put together to enhance your graduate school experience. I have had the pleasure of connecting with many grad students in my current (and previous) position, and a common theme that continues to come up is the feeling of isolation that grad students often feel. These feelings of isolation, can lead to a lack of a sense of belonging and community here at Princeton. I am particularly aware that this experience is one that students of color and first generation/low income students experience profoundly. The ADI team wants to help change that experience. We hope that you will join us as we are just beginning to find ways to engage you outside of your departments and provide opportunities for you to build community with one another. Whether it’s your first event or your 5th, you will always find a fun, warm, and welcoming environment when you attend our events. Hope to see you around.

Have a wonderful and productive week!

All the Best,
Dean Miller
EMAILS/APPOINTMENTS

Important Note:

When making appointments with Dean Miller, it is much faster to call or email Sarah Mullins (smullins@princeton.edu; 609-258-9637) with your availability when making the initial request, it will make the process easier and more efficient. For appointments with Dean Gonzalez-Perez, please email Joel Boggess (jboggess@princeton.edu). Similarly, if you have a routine question that you wish to send by email, please send it to both Sarah and me, and whoever can answer it first, will.

UPCOMING RECRUITING

North Carolina A&T

October 19, 2018

If you are aware of any faculty, staff, students, and/or perspective students attending, please tell them to stop by the Princeton table and say hello! If you ever want to attend with us, send us an email!

We are especially interested in speaking to underrepresented minority (URM) and first generation students interested in graduate school!

SACNAS 2018 Recruitment Pics!
Finding your career path after graduate school can be daunting when you come from a family in which your parents did not graduate from college and are not in professional roles. As a child of refugees who was among the first in my family to attend college and also the first to pursue a Ph.D., I often felt that understanding the job-search process and professionalism in the workplace did not come naturally to me.

Fortunately, working in career services as an undergrad, in executive search after my Ph.D. and now advising graduate students and postdocs at the University of Pennsylvania on their careers has given me a stronger appreciation for how first-generation graduate students can level the playing field and achieve career success. I will offer some concrete advice on how first-gen graduate students can prepare for their future careers based on my personal and professional experience. Some advice might seem obvious, but I hope the reasoning behind why each action is important can empower students who may not have career support from their families to feel confident in forging their own paths.

Network to find out how others prepare for careers. I recently met with a first-year Ph.D. student who came to career services before classes even began. She confided, “When I went to college, I wanted to be a doctor, but I didn’t realize that you had to start preparing for medical school right away. I just don’t want to make the same mistake in graduate school.”
GRAD SCHOLARS PROGRAM!
A NEW ACCESS, DIVERSITY, AND INCLUSION INITIATIVE!

GSP is...community, social support, academic support, intellectual support, moral support, and much more...!

Highlights from the McGraw Center Lunch and Learn

Want to get involved!?!?
Perhaps you want to serve as a peer or faculty mentor, plan or attend a GSP event, join the cohort for coffee or dinner, or engage in any way with our first year grad students...please contact Leslie Wingard (lwingard@princeton.edu), we would love to get you connected!

Coming soon!

Civil Rights in the Princeton Township

Presented by the PACE Center and the Access, Diversity & Inclusion Team at the Graduate School

Join members of the Princeton Civil Rights Commission for a free dinner and discussion on civil rights in the local community. What does civil rights action look like at the local level? How can graduate students get involved? Immediately following dinner we will attend a meeting of the Commission in the Princeton Town Hall. Transportation to and from the event is provided.

Mamoun’s @ McGraw

October 25, 2018

**FELLOWSHIPS**

**Science Outreach Fellowship**

Are you a graduate student, post-doc or non-ladder faculty committed to communicating science in your community? If so, you may be an excellent candidate for the 2019 NCSE Graduate Student Fellowship. Working with a cohort of other early-career scientists, you will have the opportunity to start your own science booster club and develop an activity that highlights your own research to be shared nationwide. Compensation is $9,000 for the calendar year (January - December). More information and FAQ can be found [HERE](#). Any additional questions can be addressed to Dr. Kate Carter

---

**ideas42**

ideas42 has a clear mission: to use our unique experience as a non-profit at the forefront of behavioral science to change millions of lives for good. As a growing research and consulting organization with offices in New York, Washington D.C., Boston, and San Francisco, we create innovative solutions to tough problems in economic mobility, health, education, safety and justice, consumer finance, energy efficiency and international development. We offer a dynamic and unique work environment, with a team of highly accomplished individuals who are seeking to make a powerful and positive impact on the world.
